

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

AND

MANAGEMENT INFORMATION CIRCULAR

MAJOR DRILLING GROUP INTERNATIONAL INC.

ANNUAL MEETING TO BE HELD ON SEPTEMBER 5, 2024

INVITATION TO SHAREHOLDERS

July 11, 2024

Dear Shareholder:

We would like to take this opportunity to invite you to our Annual Meeting of Shareholders to be held on Thursday, September 5, 2024, at 3:30 p.m. (Eastern Time), which will be conducted as a hybrid meeting via live online audio webcast and in person at the offices of McCarthy Tétrault, 66 Wellington St. West (TD Bank Tower), 53rd Floor – Clarkson Room, Toronto, ON, M5K 1E6. For your convenience, you may attend the meeting in person or online through a webcast. You will have the opportunity to participate in our meeting, ask questions and vote, in person or virtually. Whether or not you plan to participate in the meeting, we urge you to vote your shares and submit your voting instruction or proxy form in advance of the meeting. The meeting gives you the opportunity to learn more about Major Drilling Group International Inc., to receive our financial results, and to hear about our plans for the future. All shareholders will be able to attend, participate and vote at the meeting online at www.virtualshareholdermeeting.com/MDI2024.

The Notice of Annual Meeting of Shareholders and Management Information Circular dated July 11, 2024, describes the business to be conducted at the meeting. The form of proxy for 2024 is also contained in this package. We encourage you, if you can, to attend the meeting, ask questions and express your views. We also encourage you to take time to review this document and vote your shares, either by completing, signing and returning your proxy or voting instruction form enclosed in the envelope or by attending the meeting.

Your input is valuable and important to us. We hope to have the opportunity to welcome you on Thursday, September 5, 2024.

NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

NOTICE IS HEREBY GIVEN that the Annual Meeting of Shareholders (the “Meeting”) of Major Drilling Group International Inc. (the “Corporation”) will be held on Thursday, September 5, 2024, at 3:30 p.m. (Eastern Time), for the purposes of:

- (1) receiving the consolidated financial statements for the fiscal year ended April 30, 2024, together with the auditor’s report therein;
- (2) electing the directors of the Corporation for the ensuing year;
- (3) considering an advisory resolution to accept the approach taken by the board of directors of the Corporation (the “Board” or “Board of Directors”) in respect of executive compensation; and
- (4) appointing Deloitte LLP as independent auditors for the ensuing year and authorizing the directors to fix the auditors’ remuneration.

The Meeting may also consider such other business as may properly be brought before the Meeting or any adjournment thereof.

We will hold a hybrid Meeting, which will be conducted via live online audio webcast and in person at the offices of McCarthy Tétrault, 66 Wellington St. West (TD Bank Tower), 53rd Floor – Clarkson Room, Toronto, ON, M5K 1E6. All shareholders will have an opportunity to participate in the Meeting regardless of their geographic location. All shareholders will be able to attend, participate and vote at the Meeting online at www.virtualshareholdermeeting.com/MDI2024 and in person. Please see the “General Proxy Matters” section of this Management Information Circular (the “Circular”) dated July 11, 2024.

As a shareholder, it is very important that you read the following information on how to vote your shares and then vote your shares, either by proxy or by attending the Meeting.

Shareholders who are unable to attend the Meeting, or who wish to vote in advance of the Meeting, are asked to carefully follow the instructions on the proxy or voting instruction form. Only registered shareholders and duly appointed proxyholders may attend and vote at the Meeting. If you are a non-registered shareholder and wish to appoint yourself as proxyholder to attend, participate and vote at the Meeting, you MUST follow the instructions on the voting instruction form.

It is recommended that you vote by telephone or Internet to ensure that your vote is received before the Meeting. To cast your vote by telephone or Internet, please have your proxy card or voting instruction form in hand and carefully follow the instructions contained therein. Your telephone or Internet vote authorizes the named proxyholders to vote your shares in the same manner as if you mark, sign and return your proxy card. If you vote by mail, telephone or Internet, your vote must be received before 5:00 p.m. (Eastern Time) on Tuesday, September 3, 2024.

Non-registered shareholders whose shares are registered in the name of an intermediary, such as a bank, trust company, securities broker or other financial institution, should carefully follow the voting instructions provided by the intermediary or as described elsewhere in the Circular. Non-registered shareholders who have duly appointed themselves as proxyholder may attend the Meeting, submit

questions and vote their shares. Non-registered shareholders who have not duly appointed themselves as proxyholder may only attend the Meeting and submit questions but will not be able to vote.

Please note that you cannot vote by returning this notice. For additional information, please refer to the instructions on your separate proxy or voting instruction form or in the Circular under the heading “General Proxy Matters” on how to vote using these methods.

NOTICE- AND-ACCESS

As permitted by Canadian securities regulators, we are using notice-and-access to deliver this Circular and other proxy-related materials (collectively, the “Meeting Materials”) to both our registered and non-registered shareholders. **Notice-and-access is a set of rules that allows issuers to post electronic versions of proxy-related materials online, rather than mailing paper copies of such materials to shareholders. Moreover, notice-and-access is more environmentally friendly as it reduces paper and energy consumption, and it will also reduce the Corporation’s printing and mailing costs.**

The Meeting Materials are available on our website under www.majordrilling.com/annual-meeting/ and on the SEDAR+ website at www.sedarplus.ca under the Corporation’s profile.

The Corporation encourages beneficial shareholders to enroll for electronic delivery by clicking on “Delivery Settings” on www.proxyvote.com at the time of voting your securities and following the instructions. This allows for the shareholder to receive electronic copies of materials; eliminating the need for paper copies and reducing paper waste.

VOTING

You are entitled to receive notice of, and vote at, the Meeting or any adjournment thereof if you were a shareholder on July 11, 2024. Shareholders are reminded to read the Circular and other Meeting Materials carefully before voting their shares.

QUESTIONS

If you have any questions regarding this notice, the Meeting or if you have any questions regarding the notice-and-access mechanism, contact Major Drilling at 1-866-264-3986 (North American toll-free number) or 1-506-857-8636 (outside of North America) or via email to ir@majordrilling.com.

MANAGEMENT INFORMATION CIRCULAR

GENERAL INFORMATION

This Management Information Circular (the “Circular”) is furnished in connection with the solicitation by the management of Major Drilling Group International Inc. (“Major Drilling”, the “Corporation” or the “Company”) of proxies to be used at the Annual Meeting of Shareholders of the Corporation (the “Meeting”) to be held on Thursday, September 5, 2024, at 3:30 p.m. (Eastern Time), and at any adjournment thereof. The solicitation of proxies will be primarily by mail, but proxies may also be solicited by telephone, personally or by officers of the Corporation (“Officers”) or employees of the Corporation. The cost of solicitation will be borne by the Corporation. The Corporation will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for any reasonable expenses incurred in sending proxy material to beneficial owners of shares and requesting authority to execute proxies.

The Meeting will be held as a hybrid meeting, which will be conducted via live online webcast at www.virtualshareholdermeeting.com/MDI2024, and in person at the offices of McCarthy Tétrault, 66 Wellington St. West (TD Bank Tower), 53rd Floor – Clarkson Room, Toronto, ON, M5K 1E6. A summary of the information shareholders (“Shareholders”) will need to attend the Meeting online is provided below.

Whether or not you expect to attend the Meeting, please exercise your right to vote. Shareholders who have voted may still attend the Meeting. Please complete, date and sign the enclosed form of proxy or voting instruction form and return it as set out in this Circular to Broadridge Investor Communications Corporation (“Broadridge”), by mail in the envelope provided or send to Data Processing Centre, P.O. Box 3700 STN Industrial Park, Markham, ON, L3R 9Z9, or by telephone 1-800-474-7493 (English) or 1-800-474-7501 (French), or online at www.proxyvote.com. For additional information, please refer to the instructions on your separate proxy or voting instruction form or in the Circular under the heading “General Proxy Matters” on how to vote using these methods.

RECORD DATE

The Board has fixed July 11, 2024, as the Record Date for the purpose of determining Shareholders entitled to receive the Notice of Annual Meeting of Shareholders (the “Notice of Meeting”). Each Shareholder is entitled to one vote for each share held and shown as registered in such Shareholder’s name on the list of Shareholders prepared as of the close of business on the Record Date. The list of Shareholders will be available for inspection after July 11, 2024, during usual business hours at the principal offices of TSX Trust Company, 301-100 Adelaide Street West, Toronto, ON M5H 4H1.

PRINCIPAL SHAREHOLDERS

On July 11, 2024, there were 81,837,986 common shares outstanding, being the only class of voting shares issued and outstanding. Each common share is entitled to one vote.

To the knowledge of the directors and executive officers of the Corporation (the “Executive Officers”), as at the close of business on July 11, 2024, the only parties that beneficially own or exercise control or direction, directly or indirectly, over common shares carrying more than 10% of the voting rights attached to all common shares of the Corporation are:

Name	Number of Common Shares Beneficially Owned, Controlled or Directed (Directly or Indirectly)	Percentage of Shares Outstanding (approximately)
Fidelity ⁽¹⁾	8,752,820	10.70%

(1) Based on an alternative monthly report dated May 9, 2023, filed by Fidelity under the Corporation's SEDAR+ profile at www.sedarplus.ca, "Fidelity" may include (i) Fidelity Management & Research Company LLC, Fidelity Management Trust Company, FIAM LLC, Fidelity Institutional Asset Management Trust Company, Strategic Advisers LLC and Crosby Advisers LLC, (ii) Fidelity Investments Canada ULC, and (iii) Fil Limited and certain of its affiliates.

ATTENDING THE MEETING ONLINE

In order to attend the Meeting online, registered and non-registered Shareholders who have not duly appointed themselves as proxyholder, duly appointed proxyholders (including non-registered Shareholders who have duly appointed themselves as proxyholder) and guests must log in online as set out below:

Step 1: Log in online at www.virtualshareholdermeeting.com/MDI2024.

Step 2: Follow the instructions below:

Registered and non-registered Shareholders who have not appointed themselves as proxyholders: Click "Login" and then enter your control number. The 16-digit control number located on the front of your form of proxy or voting instruction form is your control number. If you are a registered shareholder and you use your control number to log in to the Meeting, any vote you cast at the Meeting will revoke any proxy you previously submitted. If you do not wish to revoke a previously submitted proxy, you should not vote at the Meeting. If you are a beneficial Shareholder who has appointed yourself as a proxyholder, you should log in as a proxyholder, as described below.

Duly appointed proxyholders (including non-registered Shareholders who have appointed themselves as proxyholders): Click "Login" and then enter the appointee name and the eight-character appointee identification number provided to you by the Shareholder who appointed you.

Guests: Click "Guest" and then complete the online form.

Registered Shareholders and duly appointed proxyholders may vote by completing a ballot online during the Meeting. If you plan to vote online at the Meeting, it is important that you are connected to the Internet at all times during the Meeting in order to vote when balloting commences. It is your responsibility to ensure Internet connectivity for the duration of the Meeting. You should allow ample time to log in to the Meeting online and complete the check-in procedures. Non-registered Shareholders who have not duly appointed themselves as proxyholders may listen to the Meeting and ask questions but may not vote. Guests will not be permitted to vote or ask questions during the Meeting. If you encounter any difficulties accessing the virtual meeting during the check-in or meeting time, please call the technical support number that will be posted on the Virtual Shareholder Meeting log in page.

The Meeting platform is fully supported across browsers and devices running the most updated version of applicable software plugins. **You should ensure you have a strong, preferably high-speed, Internet connection wherever you intend to participate in the Meeting.** The Meeting will begin promptly at 3:30 p.m. (Eastern Time) on Thursday, September 5, 2024. We recommend that you log in at least fifteen minutes before the Meeting starts.

QUESTIONS DURING THE MEETING

The Corporation will provide registered Shareholders and duly appointed proxyholders with substantially the same opportunity to ask questions on matters of business during the Meeting, whether they attend the Meeting in person or virtually. Registered Shareholders and duly appointed proxyholders will have the opportunity to submit questions in writing during the Meeting by using the instant messaging service of the Meeting platform or by making their way to a microphone if they attend the Meeting in person.

Questions from registered Shareholders and duly appointed proxyholders that do not relate to the formal business of the Meeting or other general questions will be addressed after all formal business has been conducted and completed, if time permits it. Questions directly related to a particular motion will be addressed once that motion has been introduced. The Corporation will only answer questions of interest to all Shareholders during the Meeting. Questions that are irrelevant to the business and affairs of the Corporation or the business of the Meeting; related to material non-public information of the Corporation; related to personal grievances or in furtherance of personal interests; derogatory or otherwise in bad taste; repetitive of those made by another registered Shareholder or duly appointed proxyholder; or out of order or not otherwise appropriate, will not be accepted, all as determined by the Chair of the Meeting. It is possible that time constraints will render the Corporation unable to respond to all questions during the Meeting.

GENERAL PROXY MATTERS

NOTICE-AND-ACCESS

As permitted by Canadian securities regulators, the Corporation is using notice-and-access to deliver this Circular and other proxy-related materials (collectively, the “Meeting Materials”) to both its registered and non-registered Shareholders. Notice-and-access is a set of rules that allows issuers to post electronic versions of proxy-related materials online, rather than mailing paper copies of such materials to Shareholders. Instead of receiving this Circular with the form of proxy or voting instruction form, Shareholders received a notice with instructions on how to access the remaining Meeting Materials online. The Notice of Meeting and proxy form or voting instruction form have been sent to both registered and non-registered Shareholders. Non-registered Shareholders are either objecting beneficial owners or “OBOs” who object that intermediaries disclose information about their ownership in the Corporation, or non-objecting beneficial owners or “NOBOs”, who do not object to such disclosure. The Notice of Meeting and voting instruction form are being sent by the Corporation to OBOs and NOBOs indirectly through intermediaries, and the Corporation assumes the delivery costs thereof. The Circular and other relevant Meeting Materials are available on our website under: <https://www.majordrilling.com /investors/annual-meeting/> and on the SEDAR+ website at www.sedarplus.ca under the Corporation’s profile. For non-registered Shareholders who had given instructions to receive a printed copy of the annual audited

consolidated financial statements of the Corporation for the financial year ended April 30, 2024, together with the independent auditor's report thereon, and related management's discussion and analysis, the Corporation will mail a printed copy of same to such non-registered Shareholders.

Shareholders who wish to receive paper copies of the Meeting Materials may request copies at any time prior to or after the Meeting by contacting the Corporation at 1-866-264-3986 (North American toll-free number) or 1-506-857-8636 (outside of North America). Meeting Materials will be sent to such Shareholders at no cost to them within three business days of their request if such requests are made before the Meeting. To ensure you will receive paper copies in advance of the deadline to submit your vote, we estimate that your request must be received by 5:00 p.m. (Eastern Time) on September 1, 2023. If your request is made after the Meeting and within one year of the Circular being filed, the Corporation will mail the Circular to you within 10 calendar days of the request.

PROXY SOLICITATION

The solicitation of proxies by this Circular is being made by or on behalf of management primarily by mail, but proxies may also be solicited via the Internet, by telephone, in writing or in person, by directors, Officers or regular employees of the Corporation who will receive no compensation therefor in addition to their regular remuneration. In addition, the Corporation will provide proxy materials to brokers, custodians, nominees and fiduciaries and request that such materials be promptly forwarded to the beneficial owners of shares registered in the names of such brokers, custodians, nominees and fiduciaries. The Corporation may also use the services of an outside agency to solicit proxies on its behalf.

The cost of soliciting proxies will be borne by the Corporation. Proxies are to be used at the Meeting, and at any adjournment or postponement thereof, to be held on Thursday, September 5, 2024, at 5:00 p.m. (Eastern Time), and for the purposes set out in the accompanying Notice of Meeting.

VOTING

General Information

Shareholders can vote their shares by either: (i) attending the meeting in person at the offices of McCarthy Tétrault, 66 Wellington St. West (TD Bank Tower), 53rd Floor – Clarkson Room, Toronto, ON, M5K 1E6; (ii) attending and voting shares at the Meeting online at www.virtualshareholdermeeting.com/MDI2024; (iii) if they cannot attend the Meeting and are a **non-registered Shareholder**, voting via mail, the Internet or by telephone or by having their shares voted by proxy (through completing the proxy form or voting instruction form sent by, and satisfying the other instructions of, your Intermediary (as defined below)), as described below; or (iv) if they cannot attend the Meeting and are a **registered Shareholder**, by having their shares voted by proxy (through completing the proxy form, as described below). How the Shareholder exercises their vote depends on whether the Shareholder is a **registered Shareholder** or a **non-registered Shareholder**:

- **Registered Shareholders** are those who have shares registered in their name.
- **Non-registered Shareholders** are those who have their shares registered either: (i) in the name of an

intermediary (an “Intermediary”) (such as banks, trust companies, securities dealers or brokers and trustees, other financial institution or administrators of self administered RRSPs, RRIFs, RESPs and similar plans) that the Shareholders deal with in respect of the shares; or (ii) in the name of a clearing agency (such as the CDS Clearing and Depository Services Inc.) of which the Intermediary is a participant.

REGISTERED SHAREHOLDERS

How to Vote in Advance of the Meeting

Below are the different ways in which you can give your voting instructions, details of which are found in the proxy form:

Go to www.proxyvote.com and follow the instructions. **You will need your control number found on your proxy form.**

Complete and return the proxy form, in the prepaid envelope provided.

Call 1-800-474-7493 (English) or 1-800-474-7501 (French). You will need your control number found on your proxy form or voting instruction form, as applicable. Voting by proxy using the telephone is only available to Shareholders located in Canada or the United States.

If you are using mail, your duly completed proxy form, as applicable, must be received by our proxy tabulator with sufficient time for your vote to be processed, and in all cases, no later than 5:00 p.m. (Eastern Time) on Tuesday, September 3, 2024, or 48 hours, excluding Saturdays, Sundays and holidays, prior to the time of any adjournment or postponement of the Meeting as set out in this Circular. The time limit for deposit of proxies may be waived or extended by the Chair of the Meeting at their discretion, without notice.

How your Shares will be Voted

When you vote by proxy, the shares represented by properly executed proxies in favour of the persons named in the printed portion of the enclosed form of proxy will be voted for, withheld from voting or voted against as specified by the Shareholder in the proxy on any ballot that may be called for.

The persons designated in the form of proxy, Kim Keating and Denis Larocque, are the Chair of the Board of Directors and the President and Chief Executive Officer, respectively, of the Corporation (the “Named Proxyholders”).

A Shareholder may appoint another person (who need not be a Shareholder) other than the Named Proxyholders, to represent them at the Meeting to exercise such right. A Shareholder may either strike out the names of the Named Proxyholders in the enclosed form of proxy and insert the name of the other person to be appointed in the blank space provided or complete another acceptable form of proxy and, in either case, deliver the completed form of proxy to Broadridge, at any time on or before 5:00 p.m. (Eastern Time) on Tuesday, September 3, 2024, or not less than 48 hours, excluding Saturdays, Sundays and holidays, prior to the start of the Meeting, or any adjournment or postponement thereof. The time limit

for deposit of proxies may be waived or extended by the Chair of the Meeting at their discretion, without notice. You can also change your proxyholder online at www.proxyvote.com.

When you sign the form of proxy without appointing an alternate proxyholder, you authorize the Named Proxyholders to vote your shares for you at the Meeting in accordance with your instructions. If you have NOT specified how to vote on a particular matter, your proxyholder is entitled to vote your shares as they see fit. If no choice is specified with respect to any matter to be acted upon at the Meeting, the Named Proxyholders will exercise the voting rights attached to the shares as follows:

- **FOR the election of each of the director nominees of the Corporation named therein;**
- **FOR the advisory resolution on the Board's approach to executive compensation as set forth in this Circular; and**
- **FOR the reappointment of Deloitte LLP as independent auditors of the Corporation for the ensuing year and the fixing of their remuneration by the directors of the Corporation.**

The accompanying form of proxy confers discretionary authority upon the persons named therein with respect to amendments or variations, if any, to matters identified in the Notice of Meeting and with respect to other matters, if any, which may properly come before the Meeting. The directors know of no such amendments or variations or other matters to come before the Meeting.

Management is not aware of any other matters that will be presented for action at the Meeting. If, however, other matters properly come before the Meeting, the Named Proxyholders will vote in accordance with their best judgment, pursuant to the discretionary authority conferred by the proxy with respect to such other matters.

How to Vote at the Meeting

If you wish to vote at the Meeting, you do not need to complete or return your proxy form. The day of the Meeting, you will be able to vote in person or via the live webcast by completing a ballot online during the Meeting. If voting online, you will need to visit www.virtualshareholdermeeting.com/MDI2024 and log in using your control number included on your proxy form.

If you wish to appoint someone as proxy to vote your shares for you at the Meeting, please follow the instructions found on your proxy form. If attending online, you will need to create a unique eight-character appointee identification number, which you will need to provide to your proxyholder in order to allow your appointee to join the Meeting and vote your shares on your behalf. Your proxyholder does not have to be a Shareholder. Proxyholders can only be validated at the Meeting using the exact name and eight-character appointee identification number you enter in the form of proxy or online at www.proxyvote.com.

NON-REGISTERED SHAREHOLDERS

Information set forth in this section is very important to persons who hold their common shares otherwise than in their own name.

You are a non-registered Shareholder if your Intermediary holds your shares for you.

Shares held by your Intermediary can only be voted upon your instructions. Without specific instructions, your Intermediary is prohibited from voting your shares. Therefore, you should ensure that instructions respecting the voting of your shares are communicated to the appropriate person.

How to Vote in Advance of the Meeting – By Voting Instruction Form

Applicable regulations in Canada require Intermediaries to seek voting instructions from non-registered Shareholders in advance of the Meeting. Accordingly, non-registered Shareholders will receive or have already received from their Intermediary a voting instruction form for the number of shares they hold. Every Intermediary has its own mailing procedures and provides its own signature and return instructions, which should be carefully followed by non-registered Shareholders in order to ensure that their shares are voted at the Meeting. Most Intermediaries now delegate responsibility for obtaining instructions from clients to Broadridge. Broadridge typically prepares a voting instruction form that it mails to non-registered Shareholders and asks them to return the voting instruction form directly to Broadridge. Broadridge then tabulates the results of all instructions received and provides appropriate instructions representing the voting of shares represented at the Meeting. A non-registered Shareholder receiving a voting instruction form cannot use that voting instruction form to vote his or her shares directly online at the virtual Meeting. The voting instruction form must be returned to Broadridge or the Intermediary, if the latter has not delegated this responsibility to Broadridge, well in advance of the Meeting to have the shares voted.

How to Vote at the Meeting

A non-registered Shareholder who receives a voting instruction form from their Intermediary cannot use that voting instruction form to vote shares directly at the Meeting. To vote your shares at the Meeting or by online ballot through the live webcast platform, your Intermediary must appoint you as proxyholder to vote in person or via online. In order to be appointed as proxyholder, insert your name in the space provided on the voting instruction form and follow the return instructions provided by your Intermediary. In addition, you must create an appointee name and an eight-character appointee identification number, either online at www.proxyvote.com or in your voting instruction form. If you do not create an appointee name and eight-character appointee identification number, you will not be able to vote at the online Meeting. Do not fill in the voting directions as your vote will be taken at the Meeting. The voting instruction form must be returned to your Intermediary well in advance of the Meeting in order to appoint your proxyholder.

Changing your Vote

A Shareholder of the Corporation may revoke an instrument of proxy at any time prior to the exercise thereof. If a Shareholder who has given a proxy personally attends the virtual Meeting, at which such proxy is to be voted, such Shareholder may revoke the proxy and vote via the virtual Meeting. In addition to revocation in any other manner permitted by law, a proxy may be revoked in writing by instrument executed by the Shareholder or his authorized attorney, and deposited either: (i) at the offices of the Corporation located at 111 St-George Street, Moncton, New Brunswick, E1C 1T7, to the attention of the

VP Legal Affairs and General Counsel; or (ii) with the consent of the Chair of such Meeting, on the day of the Meeting or any adjournment thereof.

If the voting instructions were conveyed online, by telephone or by mail, conveying new voting instructions online, by telephone or by mail prior to the applicable cut-off times will revoke the prior instructions. If you are a registered Shareholder, voting at the Meeting will automatically cancel any proxy you completed and submitted earlier.

Questions on the Voting Procedure

If you have any questions regarding the Meeting, please contact Major Drilling Group International Inc.:

- by telephone: 1-866-264-3986 or if outside Canada and the United States, 506-857-8636; or
- by email: ir@majordrilling.com

ANNUAL BUSINESS OF THE MEETING

FINANCIAL STATEMENTS

The Corporation's consolidated financial statements for the fiscal year ended April 30, 2024 ("2024 fiscal year"), including the report of the auditors thereon, which will be placed before the Shareholders at the Meeting, are contained in the 2024 Annual Report of the Corporation, which is available on its website (www.majordrilling.com) and on the SEDAR+ website (www.sedarplus.ca).

ELECTION OF DIRECTORS

The articles of incorporation of the Corporation stipulate that the Board of Directors shall consist of a minimum of three and a maximum of ten directors, and grants to the Board the power to fix, by resolution, the actual number of directors from time to time. The Board of Directors, upon the recommendation of the Corporate Governance and Nominating Committee, has fixed that number at nine for the purposes of the Meeting.

Upon the recommendation of the Corporate Governance and Nominating Committee, the nine persons listed in this Circular, beginning on page 19, are proposed as nominees for election as directors. These individuals will hold office until the next Annual Meeting of Shareholders of the Corporation or until their successors are elected or appointed. All nominees are current directors of the Corporation. At the Meeting, Shareholders will be asked to elect, by ordinary resolution, each of the nominees as directors.

Unless specified in the enclosed form of proxy that the shares represented by the proxy shall be voted against the resolution approving the election of directors named therein, it is the intention of the persons designated in the enclosed form of proxy to vote FOR the election of the directors named therein.

"SAY-ON-PAY" ADVISORY VOTE ON THE APPROACH TO EXECUTIVE COMPENSATION

The Board, assisted by the Human Resources and Compensation Committee (the "HRCC"), is responsible for determining the underlying objectives and principles of the Corporation's executive compensation philosophy. The Board's role is to clearly explain to Shareholders the key components of this compensation philosophy and how its approach aligns with the Corporation's strategic objectives. By putting its approach to executive compensation to a "say-on-pay" advisory vote, the Board shows its commitment to the Corporation's Shareholders and recognizes its responsibility regarding decisions made concerning executive compensation.

The HRCC engaged a Compensation Advisor (as defined below in the Director Compensation section) to undertake a significant review of director and Executive Officer compensation (the "Compensation Review") during the 2023 fiscal year. Guided by the recommendations of the Compensation Advisor, a revised compensation structure was approved by the Board of Directors on June 8, 2023. The details of this revised compensation structure are set out in the Compensation Discussion and Analysis section.

The resolution to be voted on is as follows: **“It is resolved, on an advisory basis and not to diminish the role and responsibilities of the Board of Directors of Major Drilling Group International Inc., that the Shareholders accept the approach to executive compensation disclosed in Major Drilling Group International Inc.’s Management Information Circular delivered in advance of the 2024 Annual Meeting of Shareholders.”**

The above advisory resolution, upon which the holders of common shares present or represented by proxy and entitled to vote at the Meeting are asked to vote, is not binding on the Board. However, the Board will consider the results of the vote when reviewing its approach to executive compensation.

For more information on the Board’s approach to executive compensation, please refer to pages 43 to 67 of this Circular.

Unless specified in the enclosed form of proxy that the shares represented by the proxy shall be voted against the resolution accepting the approach taken by the Board of Directors in respect of executive compensation, it is the intention of the persons designated in the enclosed form of proxy to vote FOR the said resolution.

APPOINTMENT OF AUDITORS

Upon the recommendation of the Audit Committee, the Board of Directors proposes that the firm Deloitte LLP, Chartered Professional Accountants, Moncton, New Brunswick be reappointed as auditors of the Corporation. If reappointed, Deloitte LLP will continue to hold office until the next Annual Meeting of Shareholders at such compensation as may be fixed by the Board upon the recommendation of the Audit Committee.

Auditors Tenure

Deloitte LLP has been the auditors of the Corporation for all fiscal years ending April 30 (each being a “fiscal year”) subsequent to and including the 1999 fiscal year. Under National Instrument 52-108 - Auditor Oversight, the Auditors are a participating audit firm with The Canadian Public Accountability Board (“CPAB”) which governs the independence and objectivity of external auditors and provides oversight of accounting firms that audit Canadian reporting issuers.

The regulatory requirements in Canada continue to mandate audit and other partners rotation every seven (7) years with a five-year cooling off period. The Audit Committee strongly supports such limits to the tenure of key senior partners involved in the Corporation’s audit. The Audit Committee has concluded that continually having fresh sets of eyes at the partner level is an important contributor to audit quality and auditor independence. The Audit Committee actively oversees the tenure of the partners involved in the audit, the plan for their rotation off the audit, and the selection of the lead audit engagement partners replacement.

The current partners involved in the audit are:

- Lead audit engagement partner
- Engagement quality review partner
- Impairment and valuations partner
- Tax audit partner
- Information technology partner

The partners involved in a given year might change depending on the needs and the circumstances of that particular audit.

The tenure of the lead audit engagement partner is two (2) years, and the engagement quality review partner is three (3) years.

Whereas the active management of the rotation of key partners involved is of critical importance to audit quality and independence, the Audit Committee considers that arbitrary limits on the tenure of audit firms would not be in the best interest of the Corporation. The Audit Committee would support rotating the firm of Auditors, and the consequent replacement of all partners in a single year, only if the Audit Committee were dissatisfied with the quality, performance and/or independence of the key partners on the Company's audit, which is not the case at the moment.

The Corporation conducts an annual assessment of the external auditor and periodically undertakes a more comprehensive assessment as recommended by the Chartered Professional Accountants ("CPA") Canada and CPAB, the latest of which occurred subsequent to the fiscal 2024 audit.

For more information on the review of the quality of the work and independence of Deloitte LLP, please refer to pages 16 to 17 of this Circular.

The Audit Committee concluded that it was satisfied with the audit quality, effectiveness and quality of external audit services provided by Deloitte LLP for fiscal year 2024 and that they continue to be independent such that it is in the shareholders' best interest for Deloitte LLP to continue to serve as the Corporation's independent auditor.

The Audit Committee, Board of Directors and management are recommending that shareholders vote "FOR" the appointment of Deloitte LLP as auditors of the Corporation.

Unless specified in the enclosed form of proxy that the shares represented by the proxy shall be withheld from voting for the resolution approving the reappointment of Deloitte LLP as auditors of the Corporation for the ensuing year, it is the intention of the persons designated in the enclosed form of proxy to vote FOR the resolution approving the reappointment of Deloitte LLP as auditors of the Corporation for the ensuing year and authorizing the directors to fix their remuneration from time to time.

Auditors Fees

The independent auditors of the Corporation are Deloitte LLP. The following chart summarizes the aggregate fees billed by Deloitte LLP for professional services rendered to the Corporation and its subsidiary entities during the last two fiscal years for audit, audit-related and non-audit services:

Type of Work	Year ended April 30, 2024 (in thousands of dollars)		Year ended April 30, 2023 (in thousands of dollars)	
	Fees	Percentage	Fees	Percentage
Audit fees ⁽¹⁾	\$ 900	92%	\$ 773	90%
Audit-related fees ⁽²⁾	\$ 17	2%	\$ 29	3%
Tax fees ⁽³⁾	\$ 55	6%	\$ 62	7%
Total	\$ 972	100%	\$ 864	100%

- (1) Aggregate fees billed for the Corporation's annual financial statements and services normally provided by the auditor in connection with the Corporation's statutory and regulatory filings.
- (2) Aggregate fees billed for assurance and related services that are reasonably related to the performance of the audit or review of the Corporation's financial statements, including employee benefits plan audits, accounting consultations and audits in connection with acquisitions, internal control reviews, assistance with aspects of tax accounting, attest services not required by statute or regulation and consultation regarding financial accounting and reporting standards.
- (3) Aggregate fees billed for tax compliance, advice, planning and assistance with tax for specific transactions.

Review of the Quality of the Work and Independence of the Auditors

The Audit Committee has examined the qualifications, performance and independence of Deloitte LLP and has ensured that they are registered with the CPAB as compliant participants. The Audit Committee meets with all of Deloitte LLP's senior personnel engaged on the audit, and actively oversees their selection, rotation and credentials. The Audit Committee's objective is to establish a reasonable balance between the continuity of relevant audit knowledge and the enhanced skepticism and diversity that new senior personnel bring to the audit methodology.

The Audit Committee examines every year the quality of the work performed by Deloitte LLP and their independence in order to make an informed recommendation concerning the appointment of the audit firm which will act as external auditors of the Corporation. For fiscal 2024, this evaluation, which was discussed with Deloitte LLP, focused on:

- the quality of the annual audit plan and team;
- the depth and breadth of relevant public company and industry experience of Deloitte LLP's engagement partners responsible for the Corporation's audit, including the depth of experience and engagement of specialist partners for complex areas;
- the quality of the quarterly review, annual audit examination and evaluation of internal controls;
- the transparency, timeliness and quality of the communications to the Audit Committee and management;
- Deloitte LLP's demonstration of professional skepticism, most particularly in its review of the Corporation's accounting estimates and areas involving significant auditor and management judgment;
- management feedback as to the timeliness and quality of the Deloitte LLP's work;

- the limitations on non-audit services and the fact that Deloitte LLP provides no services other than audit, audit-related and tax services as well as the reasonableness of the fees in that respect;
- the desired balance of Deloitte LLP's experience and fresh perspective through mandatory audit partner rotation and periodic rotation of other audit management personnel. The rotation of the lead audit engagement partner in charge and the Engagement review partner is required at least every seven (7) years under independence standards. For the Company, the last rotation of the lead audit engagement partner occurred for the audit of fiscal 2023 and the rotation of the Engagement quality control review partner, during fiscal 2022. In addition to these two (2) partners, there are three (3) other partners involved in the audit with specific expertise, which brings additional independence to the team;
- reports from Deloitte LLP describing its compliance with its internal policies and procedures;
- quarterly and annual written confirmation from Deloitte LLP of their independence and objectivity with respect of the Corporation, pursuant to the rules of professional conduct of the Chartered Professional Accountants of New Brunswick;
- external data on audit quality and performance, including recent CPAB reports; and
- Deloitte LLP's capability and expertise in handling the breadth and complexity of the Corporation's business, and their significant institutional knowledge and deep expertise of the Corporation's accounting policies and practices and internal controls, which enhance audit quality.

In addition to the annual assessment of the external auditor, the Corporation periodically undertakes a more comprehensive assessment, the latest of which occurred subsequent to the fiscal 2024 audit.

Such a review is contained as a recommendation of the Enhancing Audit Quality ("EAQ") initiative of the Chartered Professional Accountants ("CPA") of Canada, CPAB and the Institute of Corporate Directors. The comprehensive review is intended to enhance audit quality through a deeper and broader analysis of the external auditor than in the annual assessment.

This fulsome and detailed review is intended to provide the Audit committee data on three indicia of audit quality:

- independence, objectivity and professional skepticism;
- quality of engagement team; and
- quality of communications and interactions with the external auditor.

This comprehensive review was completed in the first quarter of fiscal 2025 and continues to support the recommendation to appoint Deloitte LLP as the Corporation's external auditor.

Lastly, the Audit Committee is of the opinion that any concerns with the Auditors' tenure are mitigated by a strong external regulatory framework as well as Deloitte LLP's strong internal independence policies and procedures assessed through the annual auditor evaluation. As noted above, the regulatory requirements in Canada continue to mandate audit and other partners rotation every seven (7) years with a five-year cooling off period. Recent publications and research by CPAB continue to support this practice rather than broadening the statutory scope to require periodic audit firm rotation.

Auditors Services Policy

The Board of Directors has approved a “Policy on the Scope of Services of the Auditor”, which can be found on the Corporation’s website at www.majordrilling.com. Under this policy, the Audit Committee approves the general engagement terms for all audit, audit-related and non-audit services to be provided by the Corporation’s auditors before such services are provided to the Corporation or any of its subsidiaries.

The Audit Committee has the mandate to approve the scope of all professional services provided to the Corporation and its subsidiaries described in the previous table.

NOMINEES FOR ELECTION TO THE BOARD OF DIRECTORS

The selection process for new nominees is conducted by the Corporate Governance and Nominating Committee, taking into account a variety of criteria, including the criteria provided under the Corporation’s Diversity Policy (as defined in the Diversity Policy section) along with the nominee’s experience and skills, integrity and character, knowledge of the industry and/or general business knowledge, and independent and sound judgment. Below is a matrix for the nominee directors, wherein each nominee has been asked to confirm their skills and areas of experience, to ensure that the Board’s overall experience and expertise is well rounded. This matrix also assists the Board in determining the skill sets the Board will seek when replacing directors at the time of retirement or departure.

DIVERSITY AND INCLUSION

Diversity Policy

The Corporation has a written policy (the “Diversity Policy”) regarding diversity on the Board and among its senior management team. The Diversity Policy specifically requires the Corporate Governance and Nominating Committee to consider a variety of criteria when identifying and considering the selection of

candidates for election or re-election to the Board, including age, geographical background and the level of representation of women as well as individuals from the following groups: Indigenous peoples, persons with disabilities and members of visible minorities (together with women, the “Designated Groups”). Similar considerations are required under the Diversity Policy to be taken into account by the Corporation in making senior management appointments. In each case, the ultimate decision is based, and should be perceived as being based, on merit and the contribution that the chosen candidate will bring to the Board or the senior management, as applicable. In this context, the Diversity Policy does not establish fixed targets concerning the representation of the Designated Groups on the Board or senior management positions because the Board does not believe that fixed targets necessarily result in the identification or selection of the best candidates. However, the practice of the Board is to attempt to maintain a meaningful representation of the Designated Groups on the Board and in senior management positions. At least 20% of the Board has been made up of women for several years. Following the 2021 Annual General Meeting, women represented 50% of the Board. Currently, women hold 56% of director positions on the Board. The Corporate Governance and Nominating Committee reviews the policy on a periodic basis, which includes an assessment of the effectiveness of its Diversity Policy. The Corporate Governance and Nominating Committee reports its conclusions to the Board and recommends any revisions to the Diversity Policy for approval.

Board and Senior Management Diversity

The information below is provided at the date of this Circular:

- Five of the nine directors who currently sit on the Board are women, representing 56% of the Board members.
- One of the nine directors self-identifies as a member of a visible minority, representing 11% of the Board members.
- No director self-identifies as Indigenous or as a person with a disability.
- One of the ten members of senior management is a woman, representing 10% of the members of senior management, and no member of senior management self-identifies as a member of other Designated Groups.

For purposes of the disclosure set forth above, “members of senior management” is required to include the Chair of the Board (who is an independent director and not a member of management) as well as a number of officers who are considered “executive officers” as defined in National Instrument 51-102 *Continuous Disclosure Obligations*. As at the date of this Circular, the “executive officers” of the Corporation consist of nine officers: President & CEO, Chief Financial Officer and seven Vice Presidents. In accordance with privacy legislation in Canada, the data above, including regarding self-identification as a member of one of the Designated Groups, was collected on an anonymous and voluntary basis.

DIRECTOR EDUCATION

Directors are encouraged to undertake continuing education with regard to the industry as well as reporting issuer regulations and issues. Many directors have participated. There are several examples of continuing education by directors in recent years, including:

- tour of operations and customer exploration sites, including most recently a full board visit to various surface rig sites at operations in Arizona in October 2023;
- membership and ongoing director-based education through the ICD, the National Association of Directors, Diligent and Deloitte LLP;
- work with governing bodies on the general enhancement of audit quality;
- attendance at economic and public policy sessions, education sessions put on by other corporations, and business seminars and presentations relevant to the Corporation;
- mandatory anti-corruption training video administered;
- a presentation on climate change reporting, carbon offsets and target setting;
- annual attendance at the Prospectors and Developers Association of Canada mining show and other mining conferences; and
- attendance at stock market (including US-listing considerations), finance, capital allocation, taxation, diversity and inclusion, ESG, leadership, human resources, compensation, cybersecurity, fraud and compliance, competitive landscape overview and risk seminars and presentations.

MAJORITY VOTING

In 2022, the Corporation's majority voting policy for its Board nominees for the Meeting was automatically replaced with the statutory voting requirement for uncontested director elections of distributing corporations governed by the *Canada Business Corporations Act* (the "CBCA Voting Policy"), as announced by Corporations Canada earlier in 2022 and in effect as of August 31, 2022. Under the CBCA Voting policy, Shareholders are allowed to vote "for" or "against" (as opposed to "for" and "withhold" under the Corporation's majority voting policy) nominees for the Board. If a nominee does not receive a majority of the votes cast for their election, the nominee will not be elected and the Board position will remain open or, if in the case of incumbent directors, such director may continue to serve a maximum of up to the 90 days after the election. In addition, except in prescribed circumstances, an unsuccessful candidate may not be appointed to fill that or any other vacancy on the Board until the next meeting of Shareholders at which the election of directors is required. The official "vote results" disclosing the detailed voting results for the election of each director nominee will be publicly disclosed promptly after the Meeting through a voting results report filed on the SEDAR+ website at www.sedarplus.ca.

TERM LIMITS AND RETIREMENT

The Board believes that carefully planned renewal adds value, by regularly adding fresh ideas and new skill sets. This has been demonstrated over the past few years, as long-serving directors have retired, and new directors have been appointed. While there are some long serving directors on the Board of Directors, there are also a number of relatively new directors, bringing the average tenure of the Corporation's Board of Directors to seven (7) years. There is a continuous succession planning process for the Board to ensure appropriate renewal while also accounting for the value and experience brought by long tenured directors (who have been on the Board through business cycles) continuing to serve for a period of time.

While the Corporation aims to have appropriate board renewal, it does not impose term limits on its directors as the Board takes the view that term limits are an arbitrary mechanism for removing directors, which can result in valuable, experienced directors being forced to leave the Board solely because of length of service. For similar reasons, the Board does not provide for mandatory retirement at a prescribed age. Rather than length of service or age, the Board believes that directors should be assessed based on their ability to make a meaningful contribution. The Corporation's annual performance review of directors assesses the strengths and weaknesses of directors and, in the Board's view, is a more meaningful way to evaluate the performance of the directors and to make determinations about whether a director should be asked not to stand for re-election due to performance. Each year, the Board Chair and the Corporate Governance and Nominating Committee undertake rigorous assessments of the Board, the committees of the Board, and each individual director to evaluate the overall performance of the Board and to measure the contributions made by the Board as a whole, by each committee and by each director. This process has resulted in changes being made over the years to reflect the need for the Board to continue to have the necessary skills and commitment to meet the changing business environment. The Board Chair is also evaluated by the Corporate Governance and Nominating Committee based on oral interviews conducted by the Corporate Governance and Nominating Committee Chair.

BOARD OF DIRECTORS' ATTENDANCE AND COMPENSATION

We expect directors to attend all Board meetings, their committee meetings and the annual general meetings of shareholders.

The information presented in the following table reflects the meetings of the Board and its various committee meetings held along with the attendance of each director for the 2024 fiscal year:

(1) Ms. Caroline Donally joined the Audit Committee and Environment, Health and Safety Committee in September 2023.

At the end of every Board and committee meeting, there is an in-camera session of independent directors in the absence of the President and Chief Executive Officer and other members of management.

DIRECTOR COMPENSATION

The Board strives to offer a compensation package to its members that is consistent with average Board compensation offered by the Corporation’s peer group at the time, as determined by factors such as comparator group and overall marketplace practices.

In the 2023 fiscal year, the Chair of the HRCC engaged Bedford Resources Inc. (the “Compensation Advisor”) to undertake the Compensation Review. The Compensation Advisor determined that the Corporation’s director compensation was not competitive compared to the North American market and recommended adjustments, including:

- Eliminating per meeting fees and increasing the cash retainer by an approximately equivalent amount. Directors can continue to receive their cash retainer in cash, DSUs or a combination of both, subject to meeting the share ownership requirements described below.
- Increasing alignment with shareholders, by having director compensation more heavily weighted to equity, with an equity retainer equivalent to 125% of the base retainer, whereas under the previous compensation structure the equity component comprised approximately 15% of director compensation.
- Establishing a share ownership policy for independent directors that requires them to hold equity having a value equivalent to at least five times the annual cash retainer, to be achieved within three years of the date of the policy implementation or appointment or election to the Board, whichever is later. The share ownership requirement was set at a level and with a time frame such that it cannot be fulfilled by the equity retainer alone but requires directors to take a portion of the cash retainer in DSUs or to purchase shares in the market.

The recommended changes were adopted and implemented by Major Drilling for the 2024 fiscal year. The Board intends to have director compensation reviewed by an independent consultant whenever Executive Officer compensation is so reviewed.

During the year ended April 30, 2024, directors who are not employees or officers of the Corporation (the “Independent Directors”) were entitled to receive the fees set out in the table below in respect of their services as directors and are eligible to receive DSUs pursuant to the Deferred Share Unit Plan (the “DSU Plan”).

	Member Annual Fee	Chair Annual Fee
Director Retainer ⁽¹⁾	\$83,500	\$167,500
Corporate Governance and Nominating Committee	NIL	\$5,000
Environment, Health and Safety Committee	NIL	\$5,000
Human Resources and Compensation Committee	NIL	\$10,000
Audit Committee	NIL	\$15,000
Equity Retainer, Issued in DSUs ⁽²⁾	\$104,375	\$104,375

- (1) Directors can receive their base retainer in cash, DSUs, or a combination of both, subject to meeting the updated share ownership requirements, as described below.
- (2) Once an independent director meets their share ownership requirement, they will be entitled to elect to receive up to 50% of the equity portion of their retainer in cash rather than DSUs. See “Share Ownership Requirements.”

The DSU Plan, established during the 2005 fiscal year, provides directors with an opportunity to receive some or all of their compensation in the form of DSUs. Prior to the beginning of each calendar year, directors may elect to receive up to 100% of their compensation for the next calendar year in DSUs. During the year, on predetermined payment dates, directors who have so elected will receive, instead of director’s fees in cash, DSUs credited to their DSU account.

The number of DSUs credited will have a cash equivalent value equal to the fees that would otherwise be payable divided by the then current share price, calculated by taking the volume-weighted average price (“VWAP”) of the Corporation’s shares on the five trading days leading up to and including the DSU award date, which is not later than ten business days following the end of each calendar quarter. DSUs may not be redeemed or “cashed” until a director ceases to be on the Board.

The Board believes that providing directors with the alternative of receiving their cash fees in the form of DSUs, which may not be redeemed until retirement or death, further promotes director retention and alignment with the interests of long-term Shareholders.

For a full description of the DSU Plan, see “Description of Long-Term Incentive Plan.”

DIRECTOR COMPENSATION TABLE

For the 2024 fiscal year, the Corporation paid an annual aggregate of \$1,622,000 in compensation to non-executive directors. The following table provides details of the compensation earned by each non-executive director of the Corporation during the 2024 fiscal year⁽¹⁾:

Director	Fees received in cash	Share-based awards fees received in DSUs ⁽²⁾	Option-based awards	Non-equity incentive plan compensation	Pension value	All other compensation	Total

(1) See “Disclosure of Compensation – Summary Compensation Table” for information about Mr. Larocque’s compensation.

(2) The amount shown reflects the aggregate of the amounts credited to the directors’ DSU accounts on the dates for payment of director’s fees during the 2024 fiscal year, and calculated on the basis of a 5-day VWAP leading up to the relevant award dates.

CORPORATE GOVERNANCE

The Board of Directors is committed to acting in the best interests of the Corporation's Shareholders, employees and other stakeholders. The Board fulfills its role directly or through the delegation of certain responsibilities to its various committees, which are as follows: the Audit Committee, the Corporate Governance and Nominating Committee, the Human Resources and Compensation Committee, and the Environment, Health and Safety Committee. The Board and its committees are focused on the continued improvement of the Corporation's corporate governance principles and practices. These governance principles and practices are constantly reviewed and revised considering evolving best practices and regulatory guidance.

The Corporation has developed the Mandate of The Board of Directors, which is attached as Appendix "A".

INDEPENDENCE

The Board believes that it needs to be independent of management and of the Corporation in order to be effective. This means that a large majority of the Corporation's directors should not be part of management of the Corporation, nor should they have relationships with the Corporation that would make them personally beholden to the Corporation.

To be considered independent within the meaning of National Instrument 52-110 *Audit Committees* ("NI 52-110"), the Board must determine, in accordance therewith, that a director does not have a direct or indirect material relationship with the Corporation, which includes a relationship that could, in the view of the Board, reasonably interfere with the exercise of the issuer's director's independent judgment. Section 1.4(2) of NI 52-110 defines a "material relationship" as a relationship that could, in the view of the issuer's board of directors, be reasonably expected to interfere with the exercise of a member's independent judgment.

As at July 11, 2024, the Board of Directors has determined that eight out of nine nominees proposed for election as directors are independent under the above-mentioned standards. Mr. Larocque is not independent under these standards as he is the President and Chief Executive Officer of the Corporation.

The Board, with the assistance of the Corporate Governance and Nominating Committee, annually reviews directors' satisfaction of such independence requirements. Kim Keating, the current Chair of the Board, is considered by the Board to be an independent director and Chair.

The Board did not adopt a director interlock policy but is keeping informed of other public directorships held by its members. As at July 11, 2024, the Company's directors that serve together on any other company's board of directors were Caroline Donally and Jo Mark Zurel, who both serve on the board of directors of Highland Copper Company Inc.

SHARE OWNERSHIP REQUIREMENTS

In order to align the interests of directors and Executive Officers with those of Shareholders, the Corporation has maintained a share ownership policy. Following the Compensation Review in 2023, share ownership requirements were adjusted to meet standards of the market. Pursuant to this policy and

effective at the start of the 2024 fiscal year, Major Drilling requires its Executive Officers and Independent Directors to own a minimum amount of Major Drilling common shares, DSUs, and/or RSUs. When calculating ownership, the performance vesting portion of RSUs are excluded for Executive Officers. The current minimum share ownership requirements are:

- For Independent Directors, to own a value equivalent to a minimum of five times the cash portion of their annual retainer, to be achieved within three years of the date of policy implementation or of the date of appointment or election to the Board, whichever is later.
- For the Chief Executive Officer, to own a value equivalent to a minimum of three times base salary, to be achieved within five years of the date of policy implementation, hire or appointment, whichever is later.
- For all other Executive Officers, to own a value equivalent to a minimum of one-time base salary, to be achieved within five years of the date of policy implementation, hire or appointment as Executive Officer, whichever is later.

For purposes of this policy, common shares, DSUs and RSUs are valued at the higher of value at the time of award or acquisition and current market value.

Should any director or Executive Officer fall below the required minimum holding, they are expected to rectify this forthwith if in an open trading window, or if not, during the next open trading window.

Furthermore, no director, Officer or employee of the Corporation is permitted to purchase financial instruments, including, for greater certainty, prepaid variable forward contracts, equity swaps, collars or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held directly or indirectly by the director, Officer or employee of the Corporation.

The following table outlines compliance with the foregoing requirements as of April 30, 2024, for directors and the Named Executive Officers:

For the purposes of the share ownership policy, RSU grants do not include performance-linked vesting RSUs.
- (2) Ms. Donally was appointed to the Board of Directors on April 1, 2023. She has until May 2026 to meet the share ownership requirements.
- (3) Mr. Krcmarov was elected to the Board of Directors at the 2022 Annual General Meeting. He has until May 2026 to meet the share ownership requirements.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee assists the Board in its oversight of the integrity of the financial statements of the Corporation, managing and maintaining the effectiveness of the financial aspects of the governance structure of the Corporation, adhering to requisite legal and regulatory requirements and overseeing the performance of the Corporation's internal and external audit function, and overseeing the Corporation's cybersecurity program.

Composition of the Audit Committee

As of the end of the 2024 fiscal year, the Audit Committee was composed of Janice G. Rennie (Committee Chair), Caroline Donally, Juliana L. Lam and Jo Mark Zurel, all independent directors.

Year in Review

Over the course of the 2024 fiscal year, the Audit Committee :

- reviewed the Corporation's quarterly and annual financial statements and made recommendations to the Board in relation thereto;
- reviewed the Corporation's Management's Discussion and Analysis, related annual and interim earnings news releases and other financial disclosures;
- reviewed the CEO and CFO compliance certificates and management's compliance memoranda on a quarterly basis;
- reviewed quarterly reports of the internal and external auditors of the Corporation, as well as the annual audit report of the external auditor and the Internal Auditor's (as defined below) report on the annual Internal Audit Plan;
- reviewed and discussed progress related to the companywide implementation of an ERP system;

- reviewed and discussed the Company's ongoing cybersecurity-related initiatives;
- reviewed and discussed the VP Legal Affairs' report on the annual insurance review;
- reviewed the Corporation's Code of Ethics and Business Conduct;
- reviewed the Audit Committee's Charter and Work Plan;
- conducted an analysis of potential related party transactions;
- conducted a review of the Internal Auditor's Mandate;
- conducted the annual assessment of the external auditor;
- reviewed whistleblower complaints involving alleged financial mismanagement, if any;
- reviewed ongoing legal claims and tax audits on a quarterly basis;
- discussed potential implications of IFRS (ISSB) sustainability standards, and their potential adoption by the Canadian Securities Administrators;
- received report on staffing of financial functions;
- reviewed and approved audit plan and fees;
- reviewed and pre-approved non-audit fees; and
- held meetings in-camera with the external auditor, management, and the internal auditor.

Relevant Education and Experience of Members

The education and experience of each member of the Audit Committee is relevant to the performance of his or her responsibilities on behalf of the Corporation's Shareholders.

In order for directors to be appointed to the Corporation's Audit Committee, they must be independent and must demonstrate: that they have an understanding of the accounting principles used by the Corporation in terms of preparing its financial statements; that they have the ability to assess the general application of such accounting principles in connection with the accounting for estimates, accruals and reserves; that they have experience preparing, auditing, analyzing or evaluating financial statements that present a breadth and level of complexity of accounting issues that are generally comparable to the breadth and complexity of issues that can reasonably be expected to be raised by the Corporation's financial statements, or experience actively supervising one or more persons engaged in such activities; and that they have an understanding of internal controls and procedures for financial reporting.

Ms. Rennie is a Chartered Professional Accountant, Chartered Accountant (CPA, CA), and is currently the Chair of EPCOR Utilities Inc., a reporting issuer (and ex-officio member of that reporting issuer's audit committee, and formerly a regular member of that committee), and has also previously chaired or been a member of several other audit committees. Ms. Rennie previously served as Chair of the audit committee of the Province of Alberta. Ms. Donally is a Chartered Accountant and holds the CA (SA) designation, and

is the Audit Committee Chair of Highland Copper Company Inc., a reporting issuer. Ms. Lam is a Chartered Professional Accountant, Chartered Accountant (CPA, CA), and has served in various senior executive financial roles during her career, including as Chief Financial Officer with Uranium One Inc. She is currently a member of the audit committee with Lundin Mining Corp., and previously served on the audit committee of other reporting issuers. Mr. Zurel is a Chartered Professional Accountant and previously held the position of Chief Financial Officer with CHC Helicopter Corporation, then a publicly traded Canadian corporation.

Financial Reporting

The Audit Committee reviews and recommends to the Board for approval all unaudited quarterly and audited annual financial statements and accompanying reports to the Corporation's Shareholders, Management's Discussion and Analysis, related annual and interim earnings news releases, earnings guidance disclosure or any other disclosure based on the Corporation's financial statements prior to the release of those statements.

Internal Control

The Audit Committee reviews the business risks assessment process as presented by management and discusses this process with management. The Audit Committee also ensures that the internal audit, in conjunction with input from the Corporation's auditors, includes a review of the design of internal control and control systems utilized by the Corporation in connection with financial reporting and other identified business risks. The Audit Committee reviews the management letter as presented by the external auditor, as well as management comments and follow up thereon. The internal auditor (the "Internal Auditor") of the Corporation reports directly to the Chair of the Audit Committee on internal audit functions. In its oversight of the internal audit functions, the Audit Committee: reviews the annual audit plan including risk assessment, the location and activities selected to provide reasonable assurance of appropriate involvement in the control systems and financial reporting, time and cost budgets, resources (both personnel and technological), and organizational reporting structure; reviews internal audit progress, findings, recommendations, responses, and follow up actions; engages in private discussions as to internal audit independence, cooperation received from management, interaction with the external auditors, and any unresolved material disagreements with management; annually approves the audit mandate; and monitors compliance with the financial components of the Corporation's Code of Ethics and Business Conduct (the "Code") as disclosed on the Corporation's website at www.majordrilling.com and available on SEDAR+ at www.sedarplus.ca.

Financial Whistleblowing

In 2015, the Corporation adopted new financial whistleblowing procedures, which are contained in the Code, as disclosed on the Corporation's website at www.majordrilling.com and available on SEDAR+ at www.sedarplus.ca. Employees of the Corporation are required to report any conduct or proposed conduct, including (among others) financial, internal controls and accounting matters, that they reasonably believe to be a violation of the Code through the facilities of the Corporation's independent third-party reporting service at www.majordrilling.ethicspoint.com. This allows reporting via the Internet or by telephone and, in any case, on an anonymous basis. Reported violations of the Code are handled promptly and

professionally. All reports are investigated and forwarded to appropriate members of management or the Board of Directors for follow up. The Chair of the Audit Committee plays an important role in the financial whistleblower complaints process and is informed immediately when serious allegations of financial mismanagement are lodged. Persons who report suspected improprieties are provided feedback when possible and appropriate.

In the case of an alleged violation by an Executive Officer or a director, the Chair of the Board, the Chief Executive Officer and/or the Corporate Governance and Nominating Committee, as applicable, are responsible for determining whether a violation has occurred and, if so, what disciplinary measures are appropriate.

Individuals voicing concern about a violation or potential violation, honestly and in good faith, will not be disciplined, fired, or discriminated against in any way. Any reprisal or retaliation against an employee who has in good faith reported a known or suspected violation of the Code is itself cause for disciplinary action, up to and including termination.

Auditors

The Audit Committee annually oversees the external audit process, including: the selection and appointment of an auditing firm to conduct the annual audit of the Corporation's annual financial statements and review of the Corporation's quarterly financial statements (and related notes and Management's Discussion and Analysis in each case); assessing the independence of the appointed auditing firm; reviewing of the external audit plan comprising a fee estimate, objectives, scope, materiality, timing, locations to be visited, areas of audit risk, and co-ordination with internal audit functions; reviewing of audit reports and reviews and findings, including corresponding management responses; approving the audit fee; establishing, from time to time, pre-approval arrangements for specific categories of permitted audit-related and non-audit related services; private discussions regarding the quality of financial personnel, the level of co-operation received, unresolved material differences of opinion or disputes, and the effectiveness of the work of internal audit functions; and conducting a formal review and assessment of the quality of the audit. A comprehensive review of the Corporation's auditing firm is undertaken every five years, and an annual assessment is undertaken every fiscal year.

Change in Membership

In June 2023, Ms. Donally joined the Audit Committee.

See "Audit Committee Information" on page 33 of the Corporation's latest Annual Information Form, which is available on SEDAR+ at www.sedarplus.ca, for more information about the Audit Committee, including the Audit Committee's charter, information about independence, financial literacy, relevant education and experience of Audit Committee members, as well as the Audit Committee's policies and procedures for engaging the Corporation's external auditor.

REPORT OF THE CORPORATE GOVERNANCE AND NOMINATING COMMITTEE

The Corporate Governance and Nominating Committee assists the Board of Directors in identifying qualified individuals to become directors, determining the composition of the Board and its various committees, monitoring a process to assess Board effectiveness and developing and implementing corporate governance guidelines.

Composition of the Corporate Governance and Nominating Committee

As of the end of the 2024 fiscal year, the Corporate Governance and Nominating Committee was composed of Sybil Veenman (Committee Chair), Janice G. Rennie, and Jo Mark Zurel, all independent directors.

Year in Review

Over the course of the 2024 fiscal year, the Corporate Governance and Nominating Committee:

- continued to assess the Corporation's system of corporate governance with a view to maintaining high standards of corporate governance, including reviewing matters identified by directors, discussing these with management, and continuing to review best practices;
- continued to assess the composition and size of the Board, examining its breadth and diversity of experience, and the appropriateness of the number of directors;
- recommended to the Board a list of nominees to stand for election as directors at the Meeting;
- for the sixth consecutive year, recommended that management conduct a Greenhouse Gas ("GHG") Emissions inventory for the Corporation's global operations and discussed related disclosures to be included in the Corporation's third annual Sustainability Report;
- reviewed the composition of each Board committee, and recommended to the Board a list of members and Chairs for its committees;
- oversaw the director succession/recruitment process, which included, among other things, working with a search firm to assist in identifying potential candidates;
- reviewed the Corporation's position on board and committee term limits;
- reviewed and discussed certain key proxy advisor ratings reports and recommendations;
- reviewed and recommended for approval the Corporation's report in relation to Canada's *Fighting Against Forced Labour and Child Labour in Supply Chains Act*;
- oversaw the third-party whistleblowing process, continued to monitor any whistleblower reports and ensured that any such reports were properly handled pursuant to the Code;
- reviewed and discussed the Corporation's annual anti-corruption training efforts;
- oversaw the annual requirement for Board members and Executive Officers to complete due diligence, independence and diversity questionnaires and affirmation of compliance with the Code;

- continued to assess the Corporation's Board Mandate, Code, and other charters and corporate policies;
- assisted the Board in its oversight over environmental, social and governance ("ESG") matters (note: the Environment, Health and Safety Committee has specific oversight responsibility for making recommendations to the Board regarding many core aspects of ESG, such as health, safety, environmental management and certain climate change matters);
- received quarterly ESG and sustainability updates from management and/or external advisors;
- received a presentation by leading Sustainability expert on ESG and climate-related risks and GHG target setting, and engaged in quarterly discussions with management regarding the Corporation's GHG emissions reduction efforts;
- oversaw a formal evaluation of the effectiveness of the Board and its committees, by way of a detailed questionnaire followed by an oral interview with each director by either the Corporate Governance and Nominating Committee Chair or the Board Chair. Results of the interviews were compiled by the committee Chair, who discussed with the Board Chair any concerns with the Board, Committee, and/or individual directors, as appropriate. The Committee Chair reported the results of the evaluation to the full Board. An evaluation of each of the Board Chair and the Committee Chair was also conducted, using the same methodology; and
- conducted a formal review of the independence requirements for the Board and its committees, and concluded that, with the exception of Mr. Larocque, all directors are independent within the meaning of NI 52-110, and that all directors who are members of the Audit Committee meet the enhanced tests for independence of audit committee members in such NI 52-110.

ESG Responsibility

While the Board and management have long had a commitment to strong ESG practices, in the 2020 fiscal year, the Corporation began the process of consolidating its ESG efforts under a formalized ESG Framework. As part of these efforts, in June 2020, the Board of Directors adopted a global ESG Policy that serves as the foundation for the ESG Framework. The ESG Policy is founded on a set of core values that include: integrity; a commitment to continuous improvement with a focus on auditing and evaluating performance through the development of measurable targets; broad internal ownership across all facets of the organization; open and honest engagement with stakeholders; and the steadfast commitment of the Board of Directors and senior management to lead on ESG and to consistently embed the tenets of the ESG Policy in its strategic planning and risk management. The ESG Policy prioritizes areas where the Corporation, as a drilling services provider, can have the most impact, e.g., GHG emissions reduction [note: the Corporation has just released its sixth annual public disclosure of its operational or scope 1 and scope 2 GHG emissions, previously reported through the CDP (formerly known as the Carbon disclosure Project), now available through the Corporation's Sustainability Report], responsible operational water and energy management, waste and hazardous materials management, bolstering its industry-leading health and safety efforts, and bringing positive contributions to the communities where it operates. While other key ESG considerations are central to the broader mining context (e.g., protection of biodiversity, physical risk of climate change), control over these aspects lies much more directly in the hands of the mine itself (i.e., often a landowner with extensive on-site operations), as opposed to the Corporation (a contractor providing drilling services, i.e., a mobile fleet of rigs and drillers). Acknowledging these fundamentally

different ESG risk profiles is a central consideration in management's ESG risk prioritization. The ESG Policy is complemented by the Corporation's long-standing Code of Ethics and Business Conduct (available on the Corporation's website at www.majordrilling.com/investors/corporate-governance/), along with other policies, such as its policies related to Human Rights, Biodiversity and Community Engagement.

Efforts under the broader ESG Framework are intended to enhance our process to identify, assess and manage risks related to ESG matters and to further integrate ESG considerations into the Corporation's business decision making. The ESG Framework includes active and effective Board oversight and is the ultimate responsibility of the full Board. The Board has delegated a coordinating role on ESG to the Corporate Governance and Nominating Committee to allocate tasks to the various Board committees based on their specific committee mandates, including operational ESG aspects of the business such as health, safety, environment, and human resources. ESG is a standing item at the quarterly Corporate Governance and Nominating Committee meeting, and ESG matters are also discussed regularly at other Board Committee meetings and meetings of the full Board. The ESG Framework also encompasses policies, sound management practices and strategies to address the ESG risks and matters of greatest importance to the Corporation's business and stakeholders. Senior management plays a central role in the management and implementation of the ESG Framework, which is supported by an ESG Committee comprising a small multi-disciplinary group of employee members from the various regions of operations and chaired by the VP Legal Affairs and General Counsel. For more details on the Corporation's ESG efforts, refer to the Corporation's 2024 Annual Information Form and visit: <https://www.majordrilling.com/esg/>.

Whistleblowing

As further detailed above in the Financial Whistleblowing section on [page 35](#), the Corporation has established whistleblowing procedures (which are not limited to financial matters), which are contained in the Code, as disclosed on the Corporation's website at www.majordrilling.com.

Change in Membership

There were no changes in membership during the 2024 fiscal year.

REPORT OF THE ENVIRONMENT, HEALTH AND SAFETY COMMITTEE

The Environment, Health and Safety Committee has as its main responsibility the provision of assistance to the Board in matters of the Corporation related to the environment, health and safety. As such, the Environment, Health and Safety Committee is mandated to satisfy itself that the Corporation has developed, is implementing and is maintaining policies, practices and procedures designed to ensure its compliance with legislation regulating the environment, (in discharging the Board's oversight responsibilities relating to the environment, including climate change and decarbonization), health and safety in all jurisdictions in which it conducts its business, and to inform itself about such policies, practices and procedures, and the actions to be taken to implement and maintain them.

Composition of the Environment, Health and Safety Committee

As of the end of the 2024 fiscal year, the Environment, Health and Safety Committee was composed of Robert Krcmarov (Committee Chair), Caroline Donally, Louis-Pierre Gignac, and Juliana L. Lam, all independent directors.

Year in Review

The Environment, Health and Safety Committee, over the course of the 2024 fiscal year, has:

- reviewed and reported on incident frequency and severity rates, as well as discussed specific incidents to determine whether policies or procedures required augmentation;
- reviewed policies and practices related to vehicle safety such as cell phone usage, and journey management;
- reviewed and discussed gender representation in the field and efforts to increase such representation;
- reviewed the deployment and implementation of the Corporation's Environmental, Health and Safety program (including, among other things, its Continuous Improvement Plan) throughout the Corporation's operations;
- reviewed and discussed succession planning for the Corporation's global safety team;
- reviewed and recommended to the Board of Directors for approval a 5% GHG intensity reduction target by 2030 (the "Target") for Scope 1 and Scope 2 emissions (tCO₂e thousands of work hours) from 2022 levels (i.e. the baseline year), based on the Company's current data and data capture capabilities (note: as capabilities change, the data may change significantly, with a resulting need to adjust the Target accordingly in the future);
- reviewed and discussed the Company's equipment maintenance system roll-out strategy;
- reviewed the Company's Decarbonization Action Plan oversight structure;
- continued to review the Corporation's health and safety practices; and
- on an ongoing basis, satisfied itself that the Corporation has developed, is implementing, and is maintaining policies, practices and procedures designed to ensure its compliance with legislation regulating the environment, health and safety in the various jurisdictions in which it conducts its business.

Change in Membership

In June 2023, Ms. Donally joined the Environment, Health and Safety Committee. In June 2023, Mr. Krcmarov replaced Mr. Gignac as the Chair of the Environment, Health and Safety Committee.

REPORT OF THE HUMAN RESOURCES AND COMPENSATION COMMITTEE ("HRCC")

The HRCC of the Board of Directors is responsible for approving the compensation programs for the Corporation's Executive Officers and for recommending compensation of Directors. This responsibility includes approval of any employment contracts with, and salaries of, Executive Officers, bonuses, other payments, pension or benefit plans or programs, to or of such Executive Officers, and any action that would materially increase or decrease a benefit to any such Executive Officer as well as the responsibility for the administration and interpretation of the Corporation's long-term incentive plan. The following report is intended to assist Shareholders in understanding the basis for the HRCC's compensation decisions during the 2024 fiscal year (see also "Disclosure of Compensation – Compensation Discussion and Analysis").

Composition of the HRCC

As of the end of the 2024 fiscal year, the HRCC was composed of Louis-Pierre Gignac (Committee Chair), Robert Krcmarov, Sybil Veenman and Jo Mark Zurel, all independent directors.

The Board considers the prior experience of each director in determining the composition of the HRCC and strives to include a range of skills and experiences when making appointments to ensure the HRCC is comprised of directors who are well qualified to consider the Corporation's compensation practices. The Board believes the HRCC collectively has the knowledge, experience and background required to fulfill its mandate. Mr. Zurel has had executive responsibility for the human resources function of a reporting issuer and has served on the compensation committees and human resources committees of other public corporations. Mr. Gignac, Mr. Krcmarov and Ms. Veenman have been involved in the design, review and implementation of compensation programs, both as senior executives and as corporate directors serving on the compensation and human resources committees of other public companies.

Year in Review

Over the course of the 2024 fiscal year, the HRCC has:

- reviewed strategic, organizational and leadership issues, executive compensation programs, performance assessments of the Corporation's most senior Executive Officers and succession management for all key executive positions;
- assessed the Compensation Advisor's advice and recommended specific changes to the Board of Directors for adoption;
- assessed the performance of the Chief Executive Officer relative to pre-determined metrics and reviewed the assessment with the Board and its Chair;
- determined the Chief Executive Officer's compensation in relation to the Corporation's performance for the fiscal year and recommended to the Board for approval;
- met with the Chief Executive Officer on the Chief Executive Officer's compensation and recommended to the Board for approval targets for the Chief Executive Officer;

- discussed, with the Chief Executive Officer, annual performance assessments for the other senior Executive Officers, and reviewed and recommended to the Board for approval compensation for these Executive Officers;
- discussed compensation plans for management, and administrative and field personnel;
- undertook a review related to Executive Officer contracts;
- undertook the annual assessment of second and third level leadership, as well as a review of junior high-potential employees;
- received reports on efforts to improve diversity in workforce;
- reviewed and adopted the proposed disclosure of compensation and the compensation disclosure and analysis sections contained in this Circular; and
- continued to consider and give guidance to the Chief Executive Officer on matters of management succession, and considered succession for the role of CEO.

Change in Membership

In June 2023, Mr. Gignac replaced Ms. Keating as the Chair of the HRCC.

Succession Planning

The HRCC monitors and discusses with management the succession plan and development of individuals for key positions at the headquarters level (including key safety and accounting positions) as well as in regional offices. The HRCC is also informed by management of senior appointments. In the course of this process, the HRCC identifies candidates who could replace the President and Chief Executive Officer, as well as the Chief Financial Officer and the other senior Executive Officers, whether in due course or in the case of an emergency situation that would require immediate replacement. The HRCC reviews management's succession plan as appropriate and brings it forward for the Board's consideration. Throughout this process, the Committee provides oversight and leadership.

"Say-on-Pay" Advisory Vote on Approach to Executive Compensation

As the Corporation believes it is important to engage with Shareholders on its approach to executive compensation, the Chair of the Board, members of the Corporate Governance and Nominating Committee, and the Chair of the HRCC have previously met with interested stakeholders without the presence of management, to discuss governance issues of importance and to allow Shareholders to express their views on governance matters and the Corporation's approach to executive compensation. In 2011, the Corporation adopted a "say-on-pay" policy and held its first advisory vote on its approach to executive compensation. Following the "say-on-pay" vote held at the 2022 annual meeting of Shareholders of the Corporation, the HRCC engaged the Compensation Advisor to undertake a significant review of Director and Executive Officer compensation. Guided by the recommendations of the Compensation Advisor, the Board of Directors adopted a revised compensation structure. The Corporation is holding its thirteenth advisory vote this year.

DISCLOSURE OF COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

During the 2023 fiscal year, the Human Resources and Compensation Committee (“HRCC”) of the Board of Directors engaged a Compensation Advisor to undertake a comprehensive review of the Corporation’s executive compensation program. Recommendations of the Compensation Advisor resulting from the Compensation Review were considered by the HRCC, and a revised compensation structure was approved by the Board of Directors. The HRCC incorporated substantially all recommendations resulting from the Compensation Review, and compensation in respect of the 2023 fiscal year reflected a hybrid between the previous and the new executive compensation programs. Compensation for fiscal 2024 is representative of the new executive compensation structure.

COMPENSATION PHILOSOPHY AND OBJECTIVES

The HRCC reviews overall compensation policies and makes recommendations to the Board of Directors on compensation issues regarding the Corporation’s Executive Officers, including the named executive officers (the “NEOs”). To ensure that the Corporation provides competitive compensation, the HRCC reviews information from external compensation advisors and the compensation practices of the Corporation’s peers. Incentive packages and compensation in general are based on prevailing market practice, subject to the Corporation’s performance.

We believe the Corporation is in the early stage of an industry upcycle following a prolonged downturn in which its revenues and workforce were more than halved from their peak in 2012. Such dramatic industry swings present quickly evolving and dynamic circumstances for our management team to respond to in any given year. As such, while an executive’s approved key performance indicators are central to determinations regarding their compensation, this unique context has required the HRCC to have a certain degree of flexibility and discretion to account for particular scenarios in a given year.

Key drivers of the Corporation’s overall compensation strategy are:

- in a highly cyclical industry, a flexible cost structure is essential;
- in a decentralized global operation, managers at all levels must be encouraged to optimize performance;
- in a skills intensive industry, growth is dependent on growing the labour force; and
- the alignment of management and Shareholder interests, through fostering short-term and long-term performance while encouraging retention.

In general, historically, performance has been aligned with key drivers by measuring:

- safety performance;
- revenue and margin targets;
- balance sheet objectives;

- human resources and training goals;
- succession planning;
- general and administrative expense targets; and
- specific branch objectives.

Following the Compensation Review, Major Drilling has adopted a formal balanced scorecard for the evaluation of short-term incentives commencing with the 2024 fiscal year and adopted a revised approach to long-term incentives, which was implemented with the grants awarded in June 2023 in connection with the 2023 fiscal year, as described in this Compensation Discussion and Analysis.

COMPENSATION RISK MANAGEMENT

The Corporation has implemented several practices to manage compensation risks, including a claw-back policy, share ownership requirements and an anti-hedging policy. The Corporation also contracts, from time to time, an external independent consultant to assess its executive compensation programs to ensure they are aligned between pay and performance as well as with corporate governance best practices.

The Corporation has a recoupment, or claw-back, policy in respect of all employees, pursuant to which the Corporation may adjust or attempt to recover bonuses and other incentive compensation (including equity-based compensation) payable or paid to such individuals if the financial results of the Corporation are subsequently restated as a consequence, in whole or in part, of gross negligence, fraud, or other intentional misconduct perpetrated by or acquiesced in by such individual.

COMPENSATION REVIEW

In the 2023 fiscal year, the HRCC engaged the Compensation Advisor to undertake the Compensation Review. The Compensation Advisor encouraged the Company to focus on the following:

- Adoption of an updated compensation peer group to benchmark:
 - i. executive cash compensation, including base salary, and annual bonus under the Short-Term Incentive Plan (“STIP”);
 - ii. executive Long-Term Incentive Plan (“LTIP”) awards and total compensation;
 - iii. executive LTIP composition breakdown (RSUs and performance linked RSUs (“PRSUs”)); and
 - iv. Director compensation.
- Adoption of revised STIP and LTIP structure and approach.

Following the Compensation Review process, on the recommendation of the HRCC, the Board approved a revised compensation structure. Upon full adoption of the revised structure at the start of fiscal 2024, the guiding principles for the Company’s compensation strategy are as follows:

- Executive Officers should be compensated in a manner consistent with current industry practices and

in amounts similar to those paid to like positions at comparable companies.

- The individual compensation packages should align the interests of the Company and the executive, recognizing each employee’s responsibilities and the complexities of the mining business. This implies that a significant portion of executive pay should be variable and at-risk tied to overall Company performance and return to the Shareholders.
- Compensation should exhibit the value of each employee and be sufficient to not only motivate and reward, but also retain the services of each executive over the long term.

Ultimately, these guiding principles and the new compensation structure provide better alignment of the Corporation’s pay practices with a “pay-for-performance” culture; they more directly align the interests of management with Shareholders; and they are consistent with the feedback received from shareholders following the 2022 “Say-On-Pay” advisory vote.

The Corporation incurred the following fees in connection with its engagement of the Compensation Advisor by the HRCC over the past two fiscal years. The HRCC expects to undertake compensation reviews approximately every two years.

Fiscal Year	Executive Compensation Related Fees	All Other Fees
2024 ⁽¹⁾	\$8,000	\$ --
2023	\$35,000	\$ --

⁽¹⁾ Work commenced in fiscal 2024 and completed and billed in fiscal 2025 with respect to assistance updating the 2024 Management Information Circular.

BENCHMARKING COMPENSATION

In order to meet the Corporation’s objectives of providing executive compensation competitive with comparable companies, the Corporation’s executive compensation is benchmarked against market compensation data for organizations with comparable size, revenue, earnings, geographic diversity, and/or industry sector.

Following the Compensation Review in 2023, and based on the recommendations of the Compensation Consultant, the HRCC and Board adopted an updated Peer Group (the “2023 Peer Group”), comprised of publicly traded companies whose core business includes mine development, operations, construction, and drilling, and whose senior leadership would have expertise and experience that could be transferable to the Corporation. The 2023 Peer Group is comprised of the following companies:

- Aura Minerals Inc.
- Boart Longyear Ltd.
- Capital Ltd.
- DDH1 Drilling Pty. Ltd.
- Foraco International S.A.
- Imdex Ltd.
- Monadelphous Group Ltd.
- North American Construction Group Ltd.
- NRW Holdings Ltd.
- Orla Mining Ltd.
- Perenti Global Ltd.
- Solaris Resources Inc.
- Taseko Mines Ltd.

Boart Longyear (acquired by American Industrial Partners) and DDH1 (acquired by Perenti) have been delisted and will be removed from the peer group in the next compensation review.

EXECUTIVE COMPENSATION PROGRAM ELEMENTS

Beginning in the 2024 fiscal year, the compensation earned by or awarded to the executives reflected the new compensation program resulting from the Compensation Review. Major Drilling’s executive compensation program is comprised of the following principal components, described in the following sections:

- base salary,
- annual variable incentive compensation under STIP and based on a balanced scorecard, and
- LTIP awards comprised of:
 - o 50% RSUs
 - o 50% PRSUs

These components collectively are intended to provide a fair and competitive compensation package and an appropriate relationship between an executive’s compensation, the executive’s performance, and the Corporation’s performance. Other elements of compensation, such as benefits, provide a small component of annual compensation.

BASE SALARY

A salary range is established by the HRCC, factoring in comparative data from peer benchmarking for each Executive Officer position. The determination of each Executive Officer’s base salary within that range is based on their sustained job performance over time, individual performance, time in the role, and performance of the business or staff unit over which such Executive Officer has responsibility. Business or staff unit performance is assessed based on a number of factors, including achievement of sales or production targets, the effectiveness of cost containment measures, progress toward implementation of process improvements, and other factors relevant to each Executive Officer’s position. The relative weight attributed to each factor, with respect to each Executive Officer, is an inherently subjective judgment. Salary determinations for Executive Officers, other than the CEO, are based on recommendations by the CEO. The CEO’s base salary is determined based on the recommendation of the HRCC to the Board. Generally, the Corporation’s philosophy is to position executive salaries at or below the median of the 2023 Peer Group while putting greater emphasis on its pay-at-risk, including short and long-term incentive plans. Notably, the CEO and CFO base salaries were increased from fiscal 2023 to fiscal 2024 to achieve better alignment with peer group benchmarking for those positions and the discontinuance of stock option grants after fiscal 2023.

Position	Base Salary Fiscal 2023	Base Salary Fiscal 2024
President and CEO	\$ 446,000	\$ 490,000
CFO	\$ 245,000	\$ 290,000
VP Australasian and African Operations	\$ 320,530	\$ 322,156
VP Human Resources and Safety	\$ 305,444	\$ 327,593
VP Latin American Operations	\$ 270,000	\$ 290,000

SHORT-TERM INCENTIVE PLAN ("STIP")

STIP awards are designed to recognize financial and operational performance as well as individual achievements. While typically awarded as cash, employees are entitled to take a portion of their bonus as DSUs. The HRCC has established objective performance criteria for the Corporation's annual variable compensation program with the assistance of the Chief Executive Officer, which were approved by the Board. Executive performance was demonstrated through the achievement of these financial, operational, and individual objectives. Operational measures at the subsidiary level were intended to reinforce the importance of operating efficiency, safety goals, ESG practices, and other metrics that were relevant to the subsidiary. Another key measure was the individual performance of the executive in contributing to the achievement of the Corporation's goals. This program, including similar plans covering managers, was applicable to all Executive Officers (including NEOs).

2024 Bonuses

STIP opportunity levels vary by employee, role, and responsibilities but are rooted in metrics for organizations of similar scope and complexity. The CEO's target STIP payout is 125% of base salary. Target STIP awards for the remaining NEOs fall within the range of 69% to 86% of base salary, depending on the employee's role.

For the 2024 fiscal year, the STIP awards for each executive were based on the balanced scorecards outlined below. Individuals had the opportunity to earn a percentage of target varying from 0% to 200%. Payout opportunity was capped at 200% of target.

The following table shows the balanced STIP scorecard for the CEO, CFO and VPs (excluding the VP Ops)⁽¹⁾:

Corporate Objectives	Weight	Result	% Of Target STIP Opportunity

2024 Bonus KPIs

Key performance indicators (“KPIs”) approved in June 2023 to be used to determine the bonuses in respect of the 2024 fiscal year were as follows:

Denis Larocque: 1) develop a future diversified management team by prioritizing identification and development of diversified candidates; (2) increase the percentage of women field employees by 50%; (3) work with the ESG team to finalize mapping and commence implementation of the decarbonization plan; (4) work to widen the existing Shareholder base; and (5) reduce overall inventory by 5%.

Ian Ross: (1) maintain a healthy balance sheet with appropriate levels of working capital; (2) improve cash flow velocity; (3) ensure adequate financing for potential acquisitions; and (4) work to widen the existing Shareholder base and actively manage the Corporation’s relationship with Shareholders and analysts.

Ashley Martin: (1) increase the percentage of women operational employees by 50% in the Latin America region; (2) reduce inventory levels by 5% in the Latin America region; and (3) no significant environmental spills in the Latin America region.

John Ross Davies: 1) increase the percentage of women operational employees by 50% in the Australasian & African region; (2) reduce inventory levels by 5% in the Australasian & African region; and (3) no significant environmental spills in the Australasian & African region.

Ben Graham: (1) keep focus on safety performance through various safety targets and metrics; (2) improve our recruitment and training to support growth of operations; (3) increase the percentage of women field employees by 50% in the Company.

Notably, in June 2024 the Board adopted KPIs for all Executive Officers related to the Company's decarbonization efforts with a view to making substantial progress toward achieving the recently adopted target of 5% GHG emissions intensity reduction by 2030 relative to 2022 levels. These KPIs will be described in further detail in next year's Management Information Circular.

Bonus Achieved

Major Drilling achieved 106% of its profit target, and the stretch goal for its safety target. As well, some individual strategic accomplishments were achieved by the executive team.

LONG-TERM INCENTIVE PLAN ("LTIP")

Long-term incentives for Officers and key employees are currently provided through awards granted under the Corporation's Restricted Share Unit Plan (the "RSU Plan"), the Deferred Share Unit Plan (the "DSU Plan"), and the stock option plan (the "Stock Option Plan").

The Long-Term Incentive Plan provides flexibility to the Corporation to grant equity-based incentive awards in the form of stock options, RSUs, Performance RSUs ("PRSUs"), and DSUs. Long-term incentives are an integral part of the compensation strategy of the Corporation. The Corporation compares the number and value of long-term incentive plan payments issued to the Corporation's Executive Officers relative to its Peer Group. Effective fiscal 2023, the Corporation ceased granting stock options, and relies instead on cash-settled RSUs, PRSUs, and DSUs.

For a full description of the Long-Term Incentive Plan, see "Description of Long-Term Incentive Plan".

Restricted Share Units ("RSUs")

Pursuant to the RSU Plan, the Board is authorized to grant cash-settled RSUs and PRSUs to selected employees subject to the terms and conditions of the RSU Plan, and on a discretionary basis in consideration of past services to the Corporation. The RSU Plan is intended to motivate and reward participants by creating mid-term value, as well as to retain such individuals.

Prior to June 2023, all RSUs that had been granted by the Corporation were simply time vested. Following the Compensation Review, the HRCC and the Board decided to add a "performance" component to certain future RSU grants to Executive Officers, pursuant to which 50% of all restricted share units granted are now tied to the results of one or more performance metrics with at least one metric based on return to Shareholders. This change was implemented to align the interests of Executives and Shareholders more directly.

RSUs and PRSUs granted under the RSU Plan are notional share units that are redeemable for their cash equivalent, which is based upon a calculation determined by multiplying the number of RSUs by the VWAP of the Corporation's shares on the five trading days leading up to and including the date of vesting of the RSUs. The vesting of PRSUs is subject to the achievement of specific performance criteria, including the

achievement of KPIs, in addition to being subject to a vesting period requirement. Other RSUs will only be subject to a time vesting requirement, typically vesting after three years from their date of grant and contingent on continued employment at the time of vesting.

Over the vesting period, RSUs and PRSUs attract dividend units equivalent to the dividends paid on the Corporation's common shares if and when dividends are paid.

Details of all awards outstanding at the end of the 2024 fiscal year are set forth in the table entitled "Outstanding Share-Based and Option-Based Awards" as of April 30, 2024, in the section entitled "Incentive Plans Summary" that follows.

Deferred Share Units ("DSUs")

DSUs are utilized to assist the Corporation in attracting and retaining talented Officers and directors, and to promote a greater alignment of interests between such persons and Shareholders. The DSU Plan also provides Officers with an opportunity to receive some of their annual bonuses, if declared, in DSUs (not to exceed 6,000 DSUs in any given year).

The number of DSUs credited will have a cash-equivalent value equal to the portion of bonus that would otherwise be payable divided by the then current share price, calculated by taking the VWAP of the Corporation's shares on the five trading days leading up to and including the DSU award date. DSUs may not be redeemed or "cashed" until an Officer ceases employment with the Corporation. At any time from the date an Officer ceases employment with the Corporation, until December 10th of the following calendar year, the individual may elect to redeem the DSUs and to receive the value of the DSUs in his or her account. The number of DSUs in the account will then be multiplied by the VWAP of the Corporation's share price on the date of redemption of the DSUs and the Officer will be paid that amount, less any applicable deductions.

No DSUs were granted to Named Executives under the DSU Plan in fiscal year 2024.

Stock Options

Prior to the 2023 fiscal year, the Corporation's executive compensation program included stock options. The Corporation's stock option grants were administered by the HRCC, with actual grants approved by the entire Board of Directors based on the recommendation of the HRCC. The Stock Option Plan, applicable to all NEOs, other Officers, and other key managers and employees, was intended to motivate and reward participants for creating mid-term and long-term Shareholder value, as well as to retain such individuals. The number of stock options granted was determined by a competitive compensation analysis and was based on each individual's salary range and responsibility, as well as the number and exercise price of options granted to an individual in the past. Generally, the vesting of 50% of stock options granted to senior Executive Officers was subject to performance reviews conducted at the end of the fiscal year during which the grant occurred. All grants were made with an exercise price equal to, or greater than, the fair market value of the Corporation's common shares, as determined by the formula set forth in the Stock Option Plan (described below), on the date of grant (see "Description of Long-Term Incentive Plan"). Under the Stock Option Plan, the HRCC has the discretion to vary vesting requirements for option grants, and to set performance targets in relation to the vesting of options. All options granted vested in three tranches, with one-third vesting on the first anniversary of the grant, one-third vesting on the second anniversary of

the grant, and one-third vesting on the third anniversary of the grant, except for any non-vesting conditional options.

There were no stock options granted in the 2024 fiscal year.

Details of all stock option awards outstanding at the end of the 2024 fiscal year are set forth in the table entitled “Outstanding Share-Based and Option-Based Awards” as of April 30, 2024, in the section entitled “Incentive Plans Summary” that follows.

LTIP Targets

Commencing in 2023, based on the recommendations of the HRCC following the Compensation Review, the Board approved the following changes to the LTIP for fiscal 2024:

- LTIP grants consisted of 50% Restricted Share Units (“RSUs”) and 50% Performance Restricted Share Units (“PRSUs”), described below.
- LTIP opportunity at target is 115% of base salary for the CEO. Target LTIP opportunity for the remaining NEOs is within the range of 47% and 64% of base salary, depending on the employee’s role.
- Vesting of the PRSUs is based on performance in accordance with specific criteria and can vest on a scale of 0% to 200% of target.
 - o The performance metrics are based on relative total Shareholder return over a three-year period as compared to a PRSU specific peer group comprised of mineral service companies (Capital Ltd., DDH1 Drilling, Foraco International S.A., Geodrill, Imdex Ltd., Orbit Garant Drilling Inc., and Perenti Global Ltd., collectively the “PRSU Peer Group”). Boart Longyear (acquired by American Industrial Partners) and DDH1 (acquired by Perenti) have been delisted and will be removed from the peer group in the next compensation review.
 - o Depending on percentile, the payout is as follows:

Rank vs. PRSU Peer Group % Calculated Over 3 Years	% Of Target LTIP Opportunity
<10 th percentile	0%
10 th to 25 th percentile	40%
26 th to 44 th percentile	60%
45 th to 54 th percentile	100%
55 th to 74 th percentile	140%
75 th to 89 th percentile	160%
90 th + percentile	200%

The combined RSU and PRSU grants result in a maximum LTIP opportunity of 1.5x target for all executives.

The PRSUs awarded in the 2024 fiscal year will vest in fiscal 2027.

COMPENSATION AND EVALUATION OF THE PRESIDENT AND CHIEF EXECUTIVE OFFICER

The Corporation views the performance of the Chief Executive Officer as critical in meeting the Corporation's objectives and in carrying out its philosophy. Mr. Larocque was the Corporation's President and Chief Executive Officer for the 2024 fiscal year. As set out in the section "Base Salary" of this Circular, Mr. Larocque's base salary for the 2024 fiscal year was \$490,000 per annum.

For the 2024 fiscal year, a formal performance scorecard and benchmarking method, developed by the Corporation with advice from the Compensation Advisor and approved by the HRCC and the Board, was used to determine the CEO's short-term and long-term incentives. Short-term incentives were based on net profit after tax, safety, and individual strategic objectives. Long-term incentives were granted as a combination of RSUs and PRSUs, with the performance metrics based on total relative shareholder return over three years compared to the PRSU Peer Group. Subsequent to the end of the fiscal year, the HRCC evaluated the performance of the President and Chief Executive Officer against these objectives together with 2023 Peer Group information and the recommendations of the independent compensation consultant, and based on its evaluations, determined appropriate compensation or adjustments thereto for the President and Chief Executive Officer, and made recommendations based thereon to the Board for review and approval. The total compensation earned by the President and Chief Executive Officer during the 2024 fiscal year, is reflected in the "Summary Compensation Table".

The HRCC, on behalf of the Board of Directors, re-affirms its confidence in the leadership of the President and Chief Executive Officer with respect to the Corporation's current strategy, as well as his ability to execute this strategy and maximize Shareholder value.

INCENTIVE PLANS SUMMARY

Information relating to all option and share-based awards outstanding for the NEOs at the end of the 2024 fiscal year is set forth in the table below. All awards described below have been granted pursuant to the Stock Option Plan and the RSU Plan, described below under "Description of Long-Term Incentive Plan". As noted above, the Company ceased granting options during the 2023 fiscal year. On a go-forward basis, LTI grants will be issued as 50% RSUs and 50% PRSUs.

(1) Value of unexercised options is the difference between the option exercise price and \$9.56, the closing price of the Corporation's common shares on the last trading day of the 2024 fiscal year. Negative values are shown as \$0.

(2) On June 21, 2022, a total of 105,000 stock options were granted to employees of the Corporation, including 75,000 stock options granted to NEOs at that time. Options were granted for a term of eight years. All stock options granted by the Corporation in June 2022 remain outstanding, including 30,000 stock options granted to Mr. Larocque in his capacity as CEO. A total of 52,500 of the stock options granted in June 2022 to the NEOs and three other Officers were conditional, with vesting

based on performance. These represent 50% of the options granted to each of the aforementioned individuals. Subsequent to the end of the 2023 fiscal year and based on the performance of such individuals during the 2023 fiscal year, it was determined that all 52,500 of their conditional options granted in June 2022 would vest.

The following table details the number and market value of unvested RSUs held by the NEOs as at April 30, 2024:

Negative values are shown as \$0.

SECURITIES AUTHORIZED FOR ISSUANCE UNDER EQUITY COMPENSATION PLANS

The following table provides information about the securities authorized for issuance under our equity compensation plans as of April 30, 2024. As of April 30, 2024, we had three equity compensation programs: our Stock Option Plan, our DSU Plan, and our RSU Plan. Common shares may be issued further to the exercise of options granted pursuant to the Stock Option Plan only. The DSU Plan and RSU Plan provide for the settlement of awards in cash only. The material features of these plans are described under “Description of Long-Term Incentive Plan”. The following table sets forth the securities authorized for issuance under the Stock Option Plan as of April 30, 2024:

EMPLOYMENT AND CHANGE OF CONTROL AGREEMENTS

The Corporation has entered into agreements with Mr. Larocque and Mr. Ross, providing that the Corporation will pay the executives a base salary, the level of which will be reviewed annually. The agreements are for an indefinite term. In the event of termination of employment without notice (“Involuntary Termination”), for reasons other than voluntary termination, sufficient cause, normal retirement, disability, death, or as a result of a change of control (subject to a double trigger provision), the Corporation shall pay to such NEO certain amounts, in addition to any amounts owing for unpaid salary or vacation pay.

Upon a change of control in the Corporation, the Corporation, or any successor, shall, in the event of their termination within two years of said change of control, for certain reasons other than voluntary termination, termination for sufficient cause, upon normal retirement, or as a result of a disability or death (“Termination upon Change of Control”), pay to Messrs. Larocque and Ross certain sums, in addition to any amounts owing for unpaid salary or vacation pay.

The following table sets forth particulars of contractual entitlements of Mr. Larocque and Mr. Ross in the event of the termination of their employment in the circumstances set out above, utilizing a termination date of April 30, 2024, being the latest fiscal year-end.

PERFORMANCE GRAPH

The Corporation's approach to compensation, as discussed under "Compensation Philosophy and Objectives", is designed to promote and balance the achievement of short-term goals, with an important "at risk" annual bonus component of compensation, as well as long-term growth and profitability through the Stock Option Plan. As a company servicing the cyclical mining industry, the Corporation's common share price can be impacted by the market price of gold and other metals, which can fluctuate widely and be affected by numerous factors that are beyond the Corporation's control. The common share price is also affected by other factors beyond the Corporation's control, including general and industry-specific economic and market conditions. The Corporation's compensation philosophy is based on factors substantially within the control of the relevant Executive Officer and is tied to earnings and other indicators reflecting the fundamental financial health of the business and not necessarily the performance of the Corporation's shares in the market. Nevertheless, the variation in total compensation for the Corporation's NEOs over the past five years generally followed the market price of the Corporation's shares. Executive compensation is shown as salary and bonus earned by the NEOs in a designated fiscal year.

The following line graph and succeeding table compare: the total Shareholder return for common shares of the Corporation for the period from April 30, 2019 through April 30, 2024, assuming reinvestment of dividends on an initial investment of \$100 made on April 30, 2019; the cumulative total returns over the same period, assuming a corresponding \$100 investment in the S&P/TSX Composite Total Return Index and the S&P/TSX Composite Index - Metals & Mining Total Return Index; and (iii) the aggregate annual NEO compensation (salary plus bonus) over the same period, shown as a percentage of 2019 aggregate annual NEO compensation. For the 2020 fiscal year, the common shares of the Corporation tracked closely with the S&P/TSX Composite Total Return Index, then diverged to track higher in the 2021 fiscal year, a trend that continued through the 2022, 2023 and 2024 fiscal years. The Named Executive Officer compensation tracked closely with the S&P/TSX Composite Total Return Index in 2020 and 2021 fiscal years, and then began to diverge through the 2022 fiscal year, and continued to track higher through the 2023 and 2024 fiscal years.

DESCRIPTION OF LONG-TERM INCENTIVE PLAN

STOCK OPTION PLAN

On November 21, 1994, the Corporation established a stock option plan (the “Stock Option Plan”) for directors, Officers and employees of the Corporation and its subsidiaries. The Stock Option Plan provides that the Board, on the recommendation of the HRCC, may grant options to purchase common shares of the Corporation on terms determined within the limitations of the Stock Option Plan. As at April 30, 2024, 767,000 common shares of the Corporation were reserved for issuance in respect of outstanding options under the Stock Option Plan (representing approximately 0.9% of the issued and outstanding common shares of the Corporation); and 3,623,703 common shares of the Corporation were available for issuance in respect of options that may be granted under the Stock Option Plan (representing approximately 4.4% of the issued and outstanding common shares of the Corporation).

The exercise price for an option issued under the Stock Option Plan is determined by the Board and may not be less than the fair market value of the common shares of the Corporation on the grant date of the option, being the volume weighted average trading price of the common shares of the Corporation on the TSX for the last five trading days immediately preceding the date on which the option is granted, rounded to the nearest cent or, if the shares did not trade during such five trading days, the simple average of the

closing bid and ask prices of the shares of the Corporation on the TSX during such five trading days. Options are exercisable for a maximum period of eight years from the date of grant, subject to earlier termination if the optionee ceases to be a director or employee of the Corporation for any reason, retires, dies or becomes disabled or there is a change of control of the Corporation. The expiry date for options that expire during one of the Corporation's blackout periods (during which employees are restricted from trading the Corporation's common shares) is extended until the 10th business day following the end of the applicable blackout period. Options are not transferable or assignable, other than for normal estate settlement purposes.

The Stock Option Plan provides that: the total number of options to be granted to any one participant under the Stock Option Plan, together with any options or shares granted or issued under other share compensation arrangements to such participant, shall not exceed 5% of the issued and outstanding number of common shares of the Corporation immediately after the grant of the option; the number of shares issued to insiders, under the Stock Option Plan or any existing or proposed share compensation arrangements, within a one-year period, may not exceed 10% of the issued and outstanding shares of the Corporation on a non-diluted basis immediately prior to the share issuance in question; the number of shares issuable to insiders, under the Stock Option Plan or any existing or proposed share compensation arrangements, at any time, cannot exceed 10% of the issued and outstanding shares of the Corporation on a non-diluted basis; the number of shares issued to any one insider and such insider's associates, under the Stock Option Plan or any existing or proposed share compensation arrangements, within a one-year period, may not exceed 5% of the issued and outstanding number of common shares of the Corporation on a non-diluted basis immediately prior to the share issuance in question; and the number of shares issuable to non-employees, under the Stock Option Plan or any existing or proposed share compensation arrangements, at any time, cannot exceed 1.5% of the issued and outstanding common shares of the Corporation on a non-diluted basis.

The Corporation does not provide any financial assistance to participants in order to facilitate the purchase of shares under the Stock Option Plan.

The Board, on the recommendation of the HRCC, determines early termination and vesting requirements at the time an option is granted. The Board may decide that vesting will accelerate or that options will be repurchased by the Corporation in the event of a change of control of the Corporation.

The Board, on the recommendation of the HRCC, may, subject to any applicable laws and the rules, regulations and policies of the TSX, amend, suspend or terminate the Stock Option Plan, provided that no amendment shall reduce the interests of the participants under any option previously granted under the Stock Option Plan without the written consent of such participants.

The following types of amendments to the Stock Option Plan will require Shareholder approval:

- amendments to increase the maximum number of shares that may be issued pursuant to options granted under the Stock Option Plan;
- amendments to reduce the exercise price of any option;
- amendments to extend the expiry date of any option;

- amendments to increase the maximum number of options that may be granted or shares issuable or that may be issued pursuant to Section 4.7 or 4.8 of the Stock Option Plan;
- amendments to Section 10.2 of the Stock Option Plan (the amendment provisions of the Stock Option Plan);
- amendments that would permit any option to be transferable or assignable other than for normal estate settlement purposes; and
- amendments requiring Shareholder approval under any applicable laws or the rules, regulations and policies of the TSX.

The following types of amendments to the Stock Option Plan will not require Shareholder approval:

- amendments of a “housekeeping” or ministerial nature including, without limitation, any amendment for the purpose of curing any ambiguity, error or omission in the Stock Option Plan or to correct or supplement any provision of the Stock Option Plan that is inconsistent with any other provision of the Stock Option Plan;
- amendments necessary to comply with the provisions of any applicable laws and the rules, regulations and policies of the TSX;
- amendments respecting administration of the Stock Option Plan;
- amendments to the vesting provisions of the Stock Option Plan or any option;
- amendments to the early termination provisions of the Stock Option Plan or any option, whether or not such option is held by an insider, provided such amendment does not entail an extension beyond the original expiry date of the option;
- amendments necessary to suspend or terminate the Stock Option Plan; and
- any other amendment, whether fundamental or otherwise, not requiring Shareholder approval under any applicable laws or the rules, regulations and policies of the TSX.

The Stock Option Plan was amended during the 2014 fiscal year to change the then existing Stock Option Plan of the Corporation from a “rolling” and “evergreen” plan to a “fixed number” plan and approving an aggregate fixed number of 6,043,619 common shares of the Corporation that may be issued upon the exercise of all options granted under the Stock Option Plan, which represented 7.4% of the issued and outstanding common shares as at April 30, 2024. The Stock Option Plan was further amended during the 2019 fiscal year to: (i) introduce a “cashless” exercise feature, entitling option holders to, subject to the prior approval of the HRCC, instruct the Corporation to sell some or all of the common shares of the Corporation acquired on exercise of options under the Stock Option Plan to cover the cost of the exercise price (and the required tax withholdings and broker’s commission) of such options; (ii) introduce a cash election, entitling option holders to, subject to the prior approval of the HRCC, elect to surrender all or part of their options to the Corporation in consideration of a net cash payment; and (iii) amend the mechanics of the Stock Option Plan in the context of a change of control event.

Stock Options Granted During the Most Recently Completed Fiscal Year

As noted above, following the completion of the Compensation Review, LTIP awards made in respect of the 2024 fiscal year are now comprised of RSUs and PRSUs. As such, no stock options were granted in fiscal 2024.

Option Exercises During the 2024 Fiscal Year

During the most recently completed fiscal year, there were 106,600 stock options exercised by NEOs.

Option Expiries During the 2024 Fiscal Year

During the most recently completed fiscal year, 600 options lapsed or expired.

RESTRICTED SHARE UNIT PLAN

The Corporation has a Restricted Share Unit Plan (“RSU Plan”) for certain key employees of the Corporation and its affiliates. Pursuant to the RSU Plan, the Board is authorized to grant RSUs and PRSUs to selected employees subject to the terms and conditions of the RSU Plan, and on a discretionary basis as consideration of past services to the Corporation. The HRCC may determine or designate a method to determine which employees of the Corporation and its affiliates may be eligible in any particular fiscal year to participate in the RSU Plan. The RSU Plan is intended to motivate and reward participants by creating mid-term value, as well as to retain such individuals.

The Board may, at any time, subject to any applicable laws, amend, suspend or terminate the RSU Plan, provided that no amendment shall impair the interests of the participants under any RSU or PRSU previously granted under the RSU Plan without the written consent of the participants, and, in the event of the termination of the RSU Plan, that all payments of the cash equivalent of any outstanding units be made at the time of the termination and in accordance with the terms of the RSU Plan.

Prior to June 2023, all RSUs that had been granted by the Corporation were simply time vested. Following the Compensation Review, the HRCC and the Board decided to add a “performance” component to certain future RSU grants to Executive Officers, pursuant to which 50% of all restricted share units granted will be tied to the results of one or more performance metrics with at least one metric based on return to Shareholders. This change was implemented to align the interests of Executives and Shareholders more directly.

The HRCC is entitled to exercise its discretion to restrict participation under the RSU Plan. It may also exercise its discretion when determining the vesting terms and conditions for RSUs granted under the RSU Plan, which now includes performance criteria for PRSUs.

RSUs and PRSUs granted under the RSU Plan are notional share units that are redeemable for their cash equivalent, which is based upon a calculation determined by multiplying the number of RSUs by the VWAP of the Corporation's shares on the five trading days leading up to and including the date of vesting of the RSUs. The vesting of PRSUs is subject to the achievement of specific performance criteria, including the achievement of KPIs, in addition to being subject to a time vesting requirement. Other RSUs will only be subject to a time vesting requirement, typically vesting after three years from their date of grant and contingent on continued employment at the time of vesting.

Over the vesting period, RSUs and PRSUs will attract dividend units equivalent to the dividends paid on the Corporation's common shares if and when dividends are paid.

The RSU Plan has a double-trigger mechanism in the event of a change of control. Two triggering events are required to occur before RSU vesting is accelerated. These two events are: (i) a change of control of the Corporation; and (ii) the termination of the employee without cause or the employee resigns for good reason, in each case upon or within 12 months following the effective date of the change of control.

DSU PLAN

The DSU Plan, established during the 2005 fiscal year, is currently applicable to directors and provides them with an opportunity to receive some or all of their compensation in the form of DSUs. The DSU Plan also provides Officers with an opportunity to receive some of their annual bonuses, if declared, in DSUs (not to exceed 6,000 DSUs in any given year). DSUs are bookkeeping entries on the books of the Corporation, each having a cash value equal to the value of one common share of the Corporation. Prior to the beginning of each calendar year, directors may elect to receive up to 100% of their compensation for the next calendar year in DSUs. During the year, on predetermined payment dates, directors who have so elected will receive, instead of director's fees in cash, DSUs credited to their DSU account.

In the case of directors or Officers, the number of DSUs credited will have a cash-equivalent value equal to the fees (or portion of bonus, for Officers) that would otherwise be payable divided by the then current share price, calculated by taking the VWAP of the Corporation's shares on the five trading days leading up to and including the DSU award date, which in respect of a director, is not later than 10 business days following the end of each calendar quarter. DSUs may not be redeemed or "cashed" until a director ceases to be on the Board, or until an Officer ceases employment with the Corporation. At any time from the date a director ceases to be on the Board or an Officer ceases employment with the Corporation, until December 10th of the following calendar year, the individual may elect to redeem the DSUs and to receive the value of the DSUs in his or her account. The number of DSUs in the account will then be multiplied by the Corporation's share price on the date of redemption of the DSUs and the director or Officer will be paid that amount, less any applicable deductions.

The Board believes that providing directors with the alternative of receiving their cash fees and share-based awards in the form of DSUs, which may not be redeemed until retirement or death, further promotes director retention and alignment with the interests of long-term Shareholders.

SUMMARY COMPENSATION TABLE

The following table sets forth all compensation earned during the fiscal year indicated in respect of the NEOs, being the President and Chief Executive Officer, the Chief Financial Officer, and the three most highly compensated Executive Officers of the Corporation as defined in National Instrument 51-102 *Continuous Disclosure Obligations* who were, at the end of the 2024 fiscal year, three Vice Presidents.

For the past two years, the Company has elected to present compensation information on the basis of the amounts earned by each NEO or awarded in respect of performance during the relevant financial year, some of which was paid or awarded subsequent to the end of the fiscal year. As a result, compensation presented below for 2022 differs from the Summary Compensation Table in the Management Information Circular dated July 14, 2022, which for 2022 presented option and RSU awards granted and annual incentives paid during the 2020, 2021 and 2022 fiscal years, but which were earned or awarded based on performance during the 2021 fiscal year.

- (1) Information is presented in Canadian dollars. For the 2022 fiscal year, Mr. Davies and Mr. Graham were paid in U.S. dollars, based on the average exchange rate of US\$1.00 = C\$1.2548. For the 2023 fiscal year, Mr. Davies and Mr. Graham were paid in U.S. dollars, based on the average exchange rate of US\$1.00 = C\$1.3297. For the 2024 fiscal year, Mr. Graham was paid in U.S. dollars, based on the average exchange rate of US\$1.00 = C\$1.3654 and Mr. Davies was paid in Australian dollars, based on the average exchange rate of AU\$1.00 = C\$0.8960.
- (2) As noted above, following the completion of the Compensation Review, LTIP awards made in respect of the 2023 and 2024 fiscal years were comprised of RSUs and PRSUs. No stock options were granted. All stock option values are shown in Canadian

dollars and are based on the Black-Scholes model for valuation purposes. For the 2022 fiscal year, options were granted on June 21, 2022, at an exercise price of \$10.50 and a Black-Scholes valuation of \$5.86 each. The Black-Scholes valuation methodology is used to value stock options because it is the predominant methodology in the Canadian marketplace.

- (3) Share-based awards for 2023 consist of RSUs and PRSUs and for 2022 consist of RSUs. The valuation of the RSUs and PRSUs is equal to the number of units held by the employees at the grant date multiplied by the VWAP of the shares on the Toronto Stock Exchange on the five trading days leading up to and including the grant date. For the June 20, 2022 grant, the value was \$10.50. For the June 20, 2023 grant, the value was \$9.18, and for the June 14, 2024 grant, the value was 9.086 and awards were granted as 50% RSUs and 50% PRSUs.
- (4) Amounts are paid in the fiscal year following the fiscal year for which they were earned. The Annual Incentive Plan amounts disclosed therefore relate to bonuses earned for achievement of operational and individual objectives during the 2022, 2023 and 2024 fiscal years, and paid or to be paid in the 2023, 2024 and 2025 fiscal years, respectively.
- (5) Comprised of a group insurance taxable benefit, group RRSP earnings, and a \$40,000 employer contribution to an RCA account in the name of Mr. Larocque for the 2022, 2023 and 2024 fiscal years. Mr. Larocque did not receive any compensation in relation to his role as a Director of the Corporation.
- (6) Comprised of a group insurance taxable benefit, group RRSP earnings, and a \$10,000 employer contribution to an RCA account in the name of Mr. Ross for the 2022, 2023 and 2024 fiscal years.
- (7) Comprised of a group insurance taxable benefit in the name of Mr. Davies for the 2022, 2023 and 2024 fiscal years, school tuition payments of \$94,789 in the 2022 fiscal year, a \$24,830 superannuation contribution, and \$66,485 in moving expenses in the 2023 fiscal year and a \$24,319 superannuation contribution in the 2024 fiscal year. Mr. Davies had access to a company vehicle during the 2022 fiscal year, and a few weeks of the 2023 fiscal year.
- (8) Comprised of a group insurance taxable benefit in the name of Mr. Graham for the 2022, 2023 and 2024 fiscal years, automobile allowance, and 401(k) employer contributions of \$10,463, \$11,868 and 11,672 in the 2022, 2023 and 2024 fiscal years, respectively.
- (9) Comprised of a group insurance taxable benefit, group RRSP earnings and a \$5,000 contribution to an RCA account in the name of Mr. Martin in 2022, and a \$10,000 contribution in 2023 and 2024.

INDEBTEDNESS OF DIRECTORS, EXECUTIVE OFFICERS AND PROPOSED NOMINEES

As at July 11, 2024 (date of this Circular) no director or Executive Officer of the Corporation, no proposed nominee for election as a director of the Corporation and no associate of any such director or Officer was indebted to the Corporation.

DIRECTORS' AND OFFICERS' INSURANCE

The Corporation maintains and pays the premium for Directors' and Officers' liability insurance which, subject to policy terms, as well as conditions and exclusions contained in the policy, protects the directors and Officers, as such, against covered claims made during the term of their office against any of them for a wrongful act. The current policy is effective from April 30, 2024 to April 30, 2025. Under the terms of the policy, in circumstances where a claim is made against a director or Officer in respect of a loss covered under the policy, or where the Corporation provides indemnity to a director or Officer for a loss covered under the policy, the policy would respond to such claim up to its policy limits, including for defence costs as provided therein, and subject to the deductible.

INTERESTS OF INSIDERS IN MATERIAL TRANSACTIONS

There were no material transactions during the 2024 fiscal year directly involving the interests of insiders or companies controlled by them, other than as already set out herein.

SHAREHOLDER PROPOSALS

The final date by which the Corporation must receive a proposal for any matter that a Shareholder proposes to raise at the Annual Meeting of Shareholders of the Corporation to be held in 2025 is not earlier than April 8, 2025, and no later than June 9, 2025.

APPENDIX A: MANDATE OF THE BOARD OF DIRECTORS

MAJOR DRILLING GROUP INTERNATIONAL INC. (the “Corporation”)

MANDATE OF THE BOARD OF DIRECTORS

A. General Purpose of the Board of Directors

1. The board of directors of the Corporation (the “Board”) is responsible for the stewardship of the Corporation and all subsidiaries and controlled entities, providing independent, effective leadership to supervise the management of the Corporation’s business and affairs to grow value responsibly, in a profitable and sustainable manner and with due regard for the interests of its shareholders generally and other stakeholders.
2. The Board has plenary power. Any responsibility not delegated to management or a Committee of the Board remains with the Board. This mandate has been prepared as terms of reference to assist the Board and management in clarifying responsibilities and ensuring effective communication between the Board and management.
3. By way of a general summary, and as set out in more detail in this mandate, in addition to its statutory responsibilities, the Board has the following duties and responsibilities:
 - (a) developing, in conjunction with management, and approving a strategic plan for the Corporation;
 - (b) monitoring measures taken by management to ensure the financial integrity of the Corporation;
 - (c) approving and monitoring the adherence to the corporate purpose and core values of the Corporation;
 - (d) establishing performance measures for the Corporation and its management;
 - (e) overseeing and approving compensation matters related to the Corporation’s senior management;
 - (f) identifying, in conjunction with management, the principal risks of the Corporation’s business, and assessing risk management strategies;
 - (g) overseeing the Corporation’s ESG Framework and its Environment, Health and Safety

programs; and

- (h) performing such functions as it reserves to itself or which cannot, by law, be delegated to Committees of the Board or to management.

B. Standards of Performance Required of Directors

4. Fiduciary Duty

When exercising their powers and discharging their duties, Directors must act at all times, honestly and in good faith with a view to the best interests of the Corporation. The Directors are thus fiduciaries vis-à-vis the Corporation and, as such, they must advance the interests of the Corporation in an impartial and disinterested manner. In particular, Directors must not allow personal or business interests to conflict with the interests of the Corporation. Directors must not use their position as such, and information and knowledge derived from their position, for their personal gain or advantage. When acting with a view to the best interests of the Corporation, the Directors shall consider all relevant factors, which may include the interests of its stakeholders (shareholders, employees, retirees and pensioners, creditors, suppliers, customers, consumers, and governments), the environment, and the long-term interests of the Corporation.

Directors are also subject to a duty of confidence regarding the affairs of the Corporation. Directors should not disclose or provide to others access to confidential information about the Corporation.

5. Standard of Care

When exercising their powers and discharging their duties, Directors must exercise the care diligence and skill that a reasonably prudent individual would exercise in comparable circumstances. This standard requires Directors to devote the necessary time and attention to the affairs of the Corporation and its subsidiaries, make necessary enquiries of management and others so as to make informed decisions, and make use of their education and experience.

C. Composition and Board Organization

- 6. Nominees for Directors are initially considered and recommended by the Corporate Governance and Nominating Committee of the Board, approved by the entire Board and elected annually by the shareholders of the Corporation.

7. A majority of Directors comprising the Board must qualify as independent Directors, pursuant to the corporate governance rules of the Toronto Stock Exchange and applicable securities laws and regulations.
8. Directors who are not members of management will meet without management present and without any Director who is not considered an independent Director in accordance with the above provisions at every Board meeting to discuss matters of interest independent of any influence from management or non-independent Directors.
9. The Board has established four standing Committees which are: the Audit Committee, the Human Resources and Compensation Committee, the Corporate Governance and Nominating Committee and the Environment, Health & Safety Committee, and delegates certain of its duties and responsibilities to them. Other Committees or sub-Committees may be established on an ad hoc basis from time to time by Board resolution to deal with particular matters.

D. Duties and Responsibilities

10. Managing the Affairs of the Board

The Board operates by delegating certain of its authorities, including spending authorizations, to management and by reserving certain powers to itself. Certain of the legal obligations of the Board are described in detail in Section B. Subject to these legal obligations and to the Articles and By-laws of the Corporation, the Board (with the assistance of the Corporate Governance and Nominating Committee) retains the responsibility for managing its own affairs including:

- (a) planning its composition and size;
- (b) selecting its Chair;
- (c) nominating candidates for election to the Board;
- (d) approving Committees of the Board and membership of Directors thereon;
- (e) regularly assessing the effectiveness of the Board, Committees and Directors in fulfilling their responsibilities; and
- (f) adopting an orientation program for new Directors and a continuing education program for Directors to assist them in fully understanding the nature and operation of the business of the Corporation, the role of the Board and its Committees and the individual contribution that Directors are expected to make.

11. Management and Human Resources

With the assistance of the Human Resources and Compensation Committee, the Board has the responsibility for:

- (a) the appointment and succession of the CEO and monitoring CEO performance, approving CEO compensation and providing advice and counsel to the CEO in the execution of the CEO's duties;
- (b) approving a position description for the CEO;
- (c) reviewing CEO performance at least annually, against agreed-upon written objectives;
- (d) approving decisions relating to executive officers¹, including:
 - (i) the appointment and discharge of executive officers;
 - (ii) the compensation and benefits for executive officers;
 - (iii) the annual corporate and business unit performance objectives utilized in determining incentive compensation or other awards to executive officers; and
 - (iv) the employment contracts, termination and other special arrangements with executive officers.
- (e) monitoring the performance of executive officers;
- (f) ensuring succession planning programs are in place, including programs to train and develop management;
- (g) approving Director compensation; and
- (h) with the assistance of the Corporate Governance and Nominating Committee, the Board has responsibility for approving the acceptance of outside directorships on public companies by executive officers (other than not-for-profit organizations).

¹ "Executive Officer" means a chief executive officer, a chief operating officer, a chief financial officer, a president, a vice-president, and a secretary.

12. Strategy and Plans

The Board has the responsibility to:

- (a) develop and adopt a strategic planning process and approve a strategic plan which takes into account, among other things, the opportunities and risks of the business of the Corporation;
- (b) approve capital commitment and expenditure budgets and related operating plans;
- (c) approve the entering into, or withdrawing from, lines of business that are, or are likely to be, material to the Corporation;
- (d) approve material divestitures and acquisitions; and
- (e) monitor management's achievements in implementing major corporate strategies and objectives, in light of changing circumstances.

13. Financial and Corporate Matters

The Board has the responsibility to:

- (a) with the assistance of the Audit Committee, monitor the implementation and integrity of the Corporation's internal control and management information systems;
- (b) with the assistance of and on the recommendation of the Audit Committee:
 - (i) approve annual financial statements and managements' discussion and analysis relating thereto and approve the release thereof;
 - (ii) review quarterly financial results and managements' discussion and analysis relating thereto and approve the release thereof and the release of earnings announcements by management;
 - (iii) approve spending authority guidelines; and
 - (iv) recommend to shareholders the appointment of external auditors and approve the auditors' fees.

- (c) approve the management proxy circular, annual information form, annual report and documents incorporated by reference therein;
- (d) declare any dividends as considered appropriate;
- (e) approve financings, changes in authorized capital, issue and repurchase of shares, issue of debt securities, listing of shares and other securities, issue of commercial paper, and related prospectuses and trust indentures;
- (f) approve banking resolutions and significant changes in banking relationships;
- (g) approve contracts, leases and other arrangements or commitments that may have a material impact on the Corporation; and
- (h) approve the commencement or settlement of litigation that may have a material impact on the Corporation.

14. Business and Risk Management

The Board has the responsibility to:

- (a) with management, develop a process to identify the principal risks of the Corporation's business and take reasonable measures to ensure the implementation of appropriate systems to manage these risks;
- (b) review reports on capital commitments and expenditures relative to budgets or objectives; and
- (c) review operating and financial performance relative to budgets or objectives.

15. ESG, Health and Safety

With the assistance of the Corporate Governance and Nominating Committee and the Environment, Health and Safety Committee, the Board has responsibility for oversight of the Corporation's global ESG Framework and its Environment, Health and Safety programs. As part of this oversight, the Board receives, on a regular basis, reports from management on matters relating to, among others, ethical conduct, environmental management, employee health and safety, diversity, and human rights.

16. Policies, Procedures and Compliance

The Board has the responsibility to:

- (a) review significant new corporate policies or material amendments to existing policies (including, for example, policies regarding business conduct, conflict of interest, timely and accurate public disclosure, shareholder engagement, diversity, health and safety and the environment);
- (b) monitor compliance with all significant policies and procedures by which the Corporation is operated;
- (c) adopt a shareholder engagement policy and develop practices designed to allow for regular and constructive engagement with shareholders; and
- (d) ensure processes are in place for:
 - (i) adequate reporting of the financial performance of the Corporation to shareholders, other security holders and regulators on a timely and regular basis;
 - (ii) the fair reporting of financial results in accordance with generally accepted accounting principles; and
 - (iii) the timely reporting of any other developments that have significant and material impact on the Corporation.
- (e) through the actions of the Board and its individual Directors and through the Board's interaction with and expectations of the Corporation's senior management, to promote a culture of integrity throughout the Corporation consistent with the Corporation's Code of Ethics and Business Conduct, including taking appropriate steps, to the extent feasible, to satisfy itself as to the integrity of the officers and other senior management of the Corporation, and to satisfy itself that the officers and other senior management are creating and maintaining a culture of integrity throughout the Corporation.
- (f) approve and monitor adherence to the Corporate purpose and core values of the Corporation.

17. Notification in the Event of Change of Principal Occupation

Any Director whose primary employment status changes must notify the Chair of the Corporate Governance and Nominating Committee and provide the Chair with details of such change.

Any Director who proposes to accept additional directorships of public companies must notify the Chair of the Corporate Governance and Nominating Committee and the Chair of the Board. All such directorships must be approved by both chairs. The notification of the chairs should be in writing and shall remain confidential pending confirmation of the appointment by other company.

18. Mandatory Resignation in the Event of Non-Attendance

The Board has adopted a policy that requires any Director who has served for a full year but fails to attend at least 75% of the Board and/or committee meetings to tender his or her resignation from the Board to the Chair of the Board, and said Chair shall then determine whether or not to accept the resignation after consultation with the chair of the Corporate Governance and Nominating Committee.

E. Periodic Review of Board Effectiveness and Director's Effectiveness

19. The Corporate Governance and Nominating Committee is responsible for approving and overseeing an annual process to assess the overall performance of the Board, each of the Directors, each of its committees, the Chair of the Board, and the Chair of each of its Committees, and to report its findings and recommendations for changes, if any, to the Board.

F. Meetings without Management

20. The Board appreciates the value of the regular attendance at each board meeting of non-board members who are members of the Corporation's senior management.
21. Attendance by senior management who are not on the Board shall be determined by the CEO with the concurrence of the Chair.
22. Management attendees will be excused for any agenda items that are reserved for discussion among Directors only.

G. Ability of Directors to Retain Advisors

Occasionally, individual Directors may need the services of an advisor or expert to assist on matters involving their responsibilities as board members. The Board has determined that any Director who wishes to engage an outside advisor at the expense of the Corporation may do so if he or she first obtains authorization of the Chair or the Corporate Governance and Nominating Committee.

H. Committee Membership Rotation

The Board favours the periodic rotation of Committee members and Committee Chairs. Such rotation will be made in a way that recognizes and balances the need for renewal of ideas and continuity, while ensuring the utilization of a member's particular expertise.
